1.0 INTRODUCTION

1.1 MISSION STATEMENT

National Institute of Technology (NIT), Silchar envisions an ambience of excellence, inspiring value-based education, research and development. We commit ourselves to:

- *Train students with world-class competency and cutting edge proficiency to face challenges of global markets with confidence.*
- *Create, disseminate and apply state-of-the-art technologies and practices to societal problems,*
- *Build top of the line faculty through appropriate human resource policies, and*
- *Create effective interface with industry, business and community to make education responsive to changes.*

1.2 OBJECTIVES

Regional engineering College, Silchar was transformed into National Institute of Technology, Silchar; vide Government of India's Notification No. F.9-18/2002-U3, dated 28th June, 2002. The national character of the institute is ensured by admitting students from all the states and union territories of the country. The broad objectives of the institute are the following:

- *To impart instruction, training and awareness to students to meet technological and socio-economic needs of the country.*
- *To benchmark the institute with the best in the country.*
- *To promote a cosmopolitan outlook among the students and faculty and to develop a sense of national integration.*

1.3 EDUCATION SYSTEM

NIT Silchar was awarded the status of Deemed to be University in the year 2002. Since then, the Credit based new education system has been followed. In the Credit based system, more numbers of elective subjects have been included to make the system flexible. On 15th of August, 2007, NIT Silchar was declared as Institutions of National Importance under NIT Act, 2007. The first batch of this Institute of National Importance (both B. Tech. and M. Tech..) will appear their final semester examination in May-June, 2011. Industrial training for the students is a part of the education system. Either NSS or NCC is mandatory for all students.

1.4 NEW INITIATIVES

The Department of Civil Engineering has opened two new disciplines in M. Tech. in 'Geotechnical Engineering' and 'Transportation Engineering'. The department is conducting Ph. D. programme in the areas of Water Resource Engineering, Geotechnical Engineering, Environmental Science and Engineering, Engineering Seismology and Engineering Geology. It is planning to start research programmes in Hydraulics Engineering, Structural Engineering, Earthquake Engineering, Transportation Engineering etc.

The Department of Mechanical Engineering has received 05 numbers of research projects during the reporting year. The floor area of the department has been increased by making vertical expansion of the original building.

The Department of Electrical Engineering has started Ph. D. programme long back. It has opened a new B. Tech.. discipline, namely, 'Electronics & Instrumentation Engineering.' It is preparing to open another new discipline in M. Tech., namely, 'Control and Automation'.

The Department of Computer Science and Engineering has started Ph. D. programme from 2008-09. One of the faculties of this Department has completed Ph. D. under AU under the supervision of one professor of EE Department of this Institute during the reporting period.

The Department of Electronics and Communication Engineering is carrying out Ph. D. works in 'Microelectronics & VLSI Design' and 'Power Electronics'. It is planning to start Ph. D. works in 'Communication & Signal Processing'.

03 numbers of Ph. D. thesis were submitted in the **Department of Physics** during the reporting year. The Department is taking initiatives to open a PG course in Applied Physics from 2010-2011 session. The floor area of the department has been increased by 164 sq m. to start new P G laboratories.

The Department of Chemistry has offered a new course in M. Sc. in Applied Chemistry. The floor area of the department has been increased by 164 sq m. to start new P G laboratories. The department is running two research projects.

04 scholars have enrolled in the Ph. D. programme in the **Department of Mathematics** during the reporting year. The department is conducting research in the areas of 'Fuzzy Sequence', 'Complex Analysis' and has taken initiatives to start M. Sc. program in mathematics.

Almost all the departments of the institute have received **Research & Development Funds** from different agencies e.g. AICTE, MHRD, Directorate of Science & Tech., KVIC, Mumbai, DST-SERC, etc. for carrying research projects and for creating new laboratories and/or for modernising their existing laboratories.

Attempts are being taken to shift ECE, CSE departments as well as Central Computer Centre to their new locations, each having floor area of 2650 sq m (approx).

2.0 AN OVERVIEW

2.1 HISTORICAL BACKGROUND

In the late fifties, the Government of India decided to establish Regional Engineering Colleges (REC) under the Quality Technical Education Policy – one each in every major state – with the prime objective of imparting quality technical education throughout the country and to foster national integration. These Regional Engineering Colleges were established as joint ventures of the Government of India and the respective state governments. Assam is a major state in the North-East region of India and the 15th REC was officially established in Silchar in 1967. Though 14 other RECs started functioning

within 1967, it took about another decade for REC Silchar to start its academic programmes due to various constraints.

The first batch of students was admitted in 1977 in the B.E. programmes in 3 branches of Engineering, namely, Civil Engineering, Mechanical Engineering and Electrical Engineering. The total intake in the first batch was 60 students. The meagre infrastructure facilities consisted of only a part of a hostel, two Assam type buildings (for classes and administration), a workshop building, seven faculty quarters and a few staff quarters of the College when the College started its academic programme in November 1977. Initially, the classes started with only 4 full time teachers and with Dr. H. R. Chablani as Principal. The College started its academic programme with affiliation to Gauhati University. The affiliation was later shifted to Assam University in 1994. The first batch of B.E. students was awarded degrees in the year 1982-83. Subsequently, two more branches, namely, (i) Electronics and Telecommunication Engineering and (ii) Computer Science and Engineering started functioning from the year 1983 and 1987 respectively. On the basis of the report of the High Powered Joint Expert Committee of AICTE and UGC under the chairmanship of Prof. S. K. Joshi, Director General of Council for Scientific and Industrial Research (CSIR), Regional Engineering College Silchar has been transformed and upgraded to National Institute of Technology, Silchar with a Deemed University status with effect from 20 June, 2002. The Institute has been taken over by government of India and subsequently made into a fully funded Central Government autonomous Institution. This ensures a better financial status for NIT Silchar and will accelerate its growth ensuring that it becomes one of the premier technological institutes of not just the North-East but the entire nation. The institute has remodelled its curriculum and academic activities in line with that of IITs. With its Deemed University status, the institute started awarding degrees from the year 2002 and the first convocation of the institute was held on 16 February 2004 to award degrees to all students who qualified for degree after its transformation into an NIT.

On 15th of August, 2007, NIT Silchar was declared as Institution of National Importance under NIT Act, 2007. The first batch of this Institute of National Importance (both B. Tech. and M. Tech..) will appear their final semester examinations in May-June, 2011.

2.2 LOCATION

The institute is situated at Silchar (latitude 24.5⁰N, longitude 92.51⁰E, at a height of 114.68 m above MSL), the headquarters of the district of Cachar in Assam. The location of the institute is at a distance of about eight kilometers to the south of the town of Silchar on the Silchar-Hailakandi road. Cachar is the southernmost district of Assam bordering Mizoram on south, Manipur on east and Tripura and Meghalaya on west. Silchar is well connected with the rest of the country via Guwahati, the major city of the North East region, by air and road and by air via Kolkata. Silchar has direct air link with Imphal, Aizawl and Agartala as well. Buses, Auto-Rickshaws, and Taxis are available from Silchar town to the College campus.

2.3 CAMPUS

The campus of the institute is spread over an area of 540 acres, set amidst a sprawling landscape of natural quietness, bordered on expansive teagardens. It presents a spectacle

of harmony in modern architecture, natural beauty and picturesque surroundings. The campus area has been organized in three functional sectors:

- Hostel for students
- Instructional buildings and administrative block
- Residential sectors for the staff

The instructional buildings have been so located that these are fairly near to both the hostels and the staff quarters. There is a full-fledged computerized branch of State Bank of India, a Post-Office, and a number of telephone booths with STD/ISD facilities in the campus. The Institute has its own Dispensary with a full-time lady Medical Officer to attend to the regular medical needs of the students, staff and their families. Patients suffering from serious illness, requiring intensive care, are referred to the Silchar Medical College & Hospital, which is only about two kilometres from the campus. An adequately equipped Canteen is there near the instructional zone which provides facilities to the students and the staff during and beyond the working hours. There is a well-equipped Gymkhana and a Students Activity Centre which are utilized by students for activities like body building, indoor games and similar other pursuits. There is a 12-room Guest House in the campus for the visitors. At present, for the extra-curricular activities of the students and staff, there is an Institute hall with a sitting arrangement of around five hundred audience. The institute has two buses, which make morning and evening trips to Silchar town. City buses and Auto rickshaws ply between Silchar town and the institute campus. There is a Lower Primary School in the campus for the schooling of children.

2.4 ADMINISTRATION

NIT Silchar is administered by NIT Act, 2007. According to the Act, a Board of Governors (BOG) is made responsible for superintendence, direction and control of the affairs of the Institute. The Director is the principal academic and executive officer of the institute. Besides the Board of Governors, there is a Council, a Senate, a Finance Committee and a Building & Works Committee as the authorities of the institute. Registrar is the secretary of all these committees.

2.5 ACADEMIC PROGRAMME

The following programmes were offered during the period under consideration (2008-09):

- i) Bachelor of Technology
- ii) Master of Technology
- iii) M. Sc. in Applied Chemistry
- iv) Doctor of Philosophy

2.6 AN OVERVIEW OF COURSES OFFERED

- i. Four-year B. Tech. Programmes in Civil Engineering, Mechanical Engineering, Electrical Engineering, Electronics & Tele-Communication Engineering and Computer Science & Engineering was offered during the reporting year.
- ii. Two-year M. Tech./M. Sc. programmes in Water Resources Engineering Earthquake Engineering Power and Energy System Engineering Thermal Engineering Design & Manufacturing Engineering Microelectronics & VLSI Design M. Sc. in Applied Chemistry was offered during period.

- iii. Enrolment for Ph. D.. programmes took place Civil Engineering Electrical Engineering Mechanical Engineering Physics Chemistry Humanities and Social Science Electronics & Tele-Communication Engineering and Mathematics Departments during reporting year 2008 & January 09.

2.7. ADMISSION PROCEDURE

(i) Bachelor of Technology

Admission in to the B. Tech. programme is through AIEEE conducted by the Central Board of Secondary Education. The institute acts as a Counselling Centre for the entire North eastern region including the state of Sikkim.

RESERVATION

Course	Types of concessions	Category of students	Magnitude
B. Tech.	Reservation at admission stage	ST	7.5%
		SC	15%
		PH	3%
		OBC	27%
	Foreign and other category of students	24 seats (over and above the sanctioned intake)	
7 (seven) seats are reserved for physically handicapped candidates against Assam quota within the overall seat allotted to Assam			

(ii) Master of Technology

The advertisement for admission into M. Tech. programme was released in leading national newspapers, local dailies and in the website of the institute. Admission were offered on the basis of marks in the qualifying examination (B. E./B. Tech..), performance in interview and the GATE score. GATE qualified candidates are eligible for institutional financial assistance. Candidates are required to have a minimum of 60 per cent of marks or its equivalent in Bachelor of Engineering/Technology degree.

(iii) Doctor of Philosophy

The advertisement for admission into Ph.D. programme was released in leading national newspapers, local dailies and in the website of the institute. The candidates were selected on the basis of marks in the qualified examinations and on the basis of interview. The candidates with at least 60 per cent of marks (CPI 6.5) in M.E./M.Tech and first class with 60 per cent of marks in M.Sc and 55% marks for MA were allowed to apply. B.E./B.Tech degree holders with excellent academic record with CPIU at least 8 (70 per cent of marks) were also allowed to apply. Assistantship to regular full-time students with valid GATE/NET score were permitted subject to availability of fund.

2.8 STUDENTS

According to the admission policy of NIT Silchar, 50 per cent of the students are from the State of Assam and the other 50 per cent are from the other states, as per seats allotted to each state by the Government of India for undergraduate courses. Besides these, there

are some seats for the students from foreign countries. The institute is open to persons of either sex and of whatever race, creed, caste or class and no condition is imposed as to religious belief or profession or any other condition whatsoever in admitting students. M. Tech.. and Ph. D.. programmes are also open to all.

2.9 EXAMINATIONS AND EVALUATION

After the conversion of this institute to NIT with Deemed University status in 2002, the examination and evaluation pattern have totally been changed. The erstwhile COE office and marks system have been abolished and the new Grade system has been adopted following the patterns followed in IITs.

In the new system, as a Deemed University, all works related to examination is done internally without involvement of any university/institute. The question papers are set by the departments and upon scrutiny of answer scripts by the faculty, Grades are sent to the Academic Section with approval of DUPC/DPPC for further processing of tabulation and finalization of result-sheets. Result- sheets of final semesters are placed before the Senate for its acceptance and recommendation to BOG. The BOG on its approval confers the degree to the successful candidates. The BOG of this Institute is the final authority to confer any degree to a student.

2.10 PLACEMENT

The institute has a separate full-fledged Training and Placement (T&P) Cell headed by a Faculty-In-Charge (T&P), under Dean (SA). In addition to making arrangement for placement and industrial training to the students, the cell is responsible for issuing railway and air-concessions, bona fide certificates, course completion certificates, character certificates etc. The T&P Cell also handles the scholarships of the students.

A total of 187 students from various disciplines were placed in different national level companies during the reporting period. Details are given in **Annexure-11.9**.

2.11 GAMES AND SPORTS

The institute recognizes the extra-curricular activities as a part to students' life and hence well-equipped facilities for games and sports are provided within the hostel premises, in other general locations and in the student activity centre. Hostels are equipped with most of the indoor games facilities. The student activity centre is used as an indoor stadium. A well laid playing ground is used for outdoor games and tracking events. Besides these, students, faculty and staff have facilities for playing Tennis, Basketball, Volley-ball etc. Inter-hostel cricket, football and volleyball events are regularly conducted in the institute. One gymnasium centre, housing modern keep-fit and gym equipment was in operation, during the period of reporting. Details of available facilities are mentioned in **Art 9.8**.

2.12 STAFF POSITION

There are 248 staff during the period under consideration against the sanctioned strength of 342 staff is mainly divided into two groups. These are Academic (Non-teaching) and Non-academic (Non-teaching) staff. Academic (Non-teaching) staff consists of: Technician, Workshop Instructor, Laboratory Attendant and few others. The Non-academic (Non-teaching) staffs are sub grouped as administrative, Ministerial, Technical, Medical, Hostel, Watchman, Mali, Sweeper, Attendant/Peon etc. Details are given in **Annexure-11.6**.

2.13 NOTABLE ACHIEVEMENTS

The following were the notable achievements during the period under consideration.

- **03** Numbers OF Ph. D. thesis were submitted in the Department of Physics.
- **36** papers were published in different International Journals, 3 others were communicated.
- **13** papers were published in National Journals.
- **40** papers were presented in different International Conferences and Conferences/Seminars.
- **65** papers were presented in different National Conferences/Seminars.
- **16** numbers of short term programs were organized in the institute.
- **05** new faculty members joined NIT Silchar during the reporting year.
- **187** students were placed on job.
- Several buildings, constructions of which were started earlier, were completed and were made functional. Some of them are: expansion of Administrative bldg., Vertical expansion of M E Deptt, construction of Hostel No-7, CSE, CCC & ECE bldg. Renovation works of Internal road and commissioning of Independent water supply plant at NIT campus have been completed. Further, construction works of CEC bldg., New Girls' hostel, Class room Part-II, 60 new Faculty Quarters have been undertaken during the reporting period.
- The library was computerized using Libsys software. RFID and DVR Technologies was implemented for security purpose. Details are given in **Art-10.0**

3.0 THE STAFF

3.1 ACADEMIC (NON-TEACHING) STAFF

During the reporting period there were 59 Nos. of academic (non-teaching) staff against the sanctioned strength 86. This group of staff includes: System Programmer, Workshop Staff, Librarian, Asstt. Librarian, Technicians and the Lab. attendants in the departments etc.

3.2 NON-ACADEMIC (NON-TEACHING) STAFF

There were 189 numbers of of non-academic (Non-teaching) against the sanctioned strength of 259. The sub groups of staff belonging to this category are: Administrative, Ministerial, Technical, Medical, Hostel, Watchman, Mali, Sweeper, Attendant/Peon etc.

Four numbers of Non-teaching staff were retired/expired during the period of report (i.e. one each in Jr. Instructor, Laboratory Attendant, Watchman and Cook-cum-helper).

3.3 TRAINING STATUS

The Institute has the policy to send its staff for various training programs to improve skill and proficiency in their work.

30 Nos. of Teaching faculties and 3 numbers of non-teaching staff were sent for attending Training/Conference etc. at various locations in India, during the period 2008-09. **(List of members is at Annexure – I)**

Further, 10 Nos. of Teaching Staff were sent abroad under TEQIP to attend the Universities/Organizations during the period under consideration. **(List of members is at Annexure – II)**

3.4 PLACEMENT OF STAFF FOR ACADEMIC EXCELLENCE

There was no such program for placement of staff for academic excellence during the period under consideration.

4.0 TEACHING PROGRAMMES

4.1 COURSES OFFERED

- (i) *A four year B. Tech. Programme in the following branches of engineering and technology, was offered during period.*
 - ❖ Civil Engineering
 - ❖ Mechanical Engineering
 - ❖ Electrical Engineering
 - ❖ Computer Science & Engineering
 - ❖ Electronics & Tele-Communication Engineering
- (ii) *Two-year M. Tech./M. Sc. programme in the following branches of engineering and technology was offered during period.*

4.5 THE HOSTELS

The Institution is a fully residential one. Accommodation for all students is provided in 7 nos. of Boys' Hostels and two Girls' Hostel. The Girls' Hostel has accommodation for 200 students. The Board of Hostel Management, under the Dean (SA), administers these hostels. Each hostel is under direct control of a Warden. A Disciplinary Committee comprising of all Deans oversees the student discipline. Hostel Management Committee consisting of Prefect and other students' members to look into day to day affairs of the hostel. Mess Management Committee is responsible for messing in each hostel.

4.6 SCHOLARSHIPS/ASSISTANTSHIP

Students admitted in this Institute are awarded various types of scholarships. Institutional Merit and Merit-cum-Means scholarship are awarded by the Director of the Institute to 25 per cent of the students admitted in NIT Silchar every year or 25 per cent of intake capacity, whichever is less. Two-third of this 25 per cent receives Merit-cum-Means scholarship and the rest one-third receives Merit scholarship. Other than this, students receive various scholarships offered by various State Governments, PSUs, and Charitable Trusts/Organizations. During the period under review 165 students received scholarships /stipend from various sources.

4.7 GAMES AND SPORTS

Apart from academic activities, NITians are very enthusiastic in games and sports. Students play football, volleyball, basketball, cricket and others games. Generally at weekends or during holidays internal competitions are held. Regular events like inter-hostel tournaments in various games took place during the year under review as well. Besides this, students participated in competitions organized on the occasions of Republic Day, etc. NIT Silchar students participated in sports events in IIT Guwahati in January-February 2008.

4.8. AWARDS

The institute offered the following awards during the period under consideration:

- ❖ Gold medals were awarded, one each to the best Post-Graduate and Graduate, of the Institute. **Shri Ningthoukhongjam Sukumar Singh of Civil Engg. and Shri T. Girish Kumar of Electronics and Communication Engg.** were awarded Gold Medals for M.Tech. and B. Tech. respectively.
- ❖ 6 (six) Silver Medals were awarded to the toppers of the other departments.

Branch-wise, Department-wise recipients of the Silver Medal were:

Branch	M. Tech.	B. Tech.
Civil Engg.	-	Prasanta Kumar Sil
Mechanical Engg.	Biplab Das	Sayantan Pal
Electrical Engg.	Ilyas Mohammad	Sudeep Ranjan Pal
Electronics & Tele-Com. Engg	-	-
Computer Sc. & Engg	-	Saikat Roy Choudhury

4.9 EXAMINATION DETAILS

- Even semester examinations were held in the month of May, **2008 (both B. Tech.. & M. Tech..)**
- Odd semester examinations were held in the month of December, **2008 (both B. Tech.. & M. Tech..)**

4.10 TRAINING AND PLACEMENT

Campus recruitment process conducted by the Institute is a very vital activity. A Training and Placement Committee (TPC) was formed during the period under consideration involving a few final year students. The TPC contacted various companies for campus recruitment. A College information brochure was prepared. T&P Cell received positive response from a number of companies and a number of students were selected in the companies that visited the Institute during the period under consideration. A total of 290 jobs were offered in the campus recruitment process by 38 different organizations during 2008-09. 187 students were placed in different organizations during the reporting period.

The T&P Cell conducted its functions through Faculty-in-Charge (T&P) under the Office of the Dean (SA). The T&P Cell consists of office, two examination rooms, interview room and a group discussion room.

Besides this, the Cell also arranges summer training programmes for all 6th semester B. Tech. students.

5.0 RESEARCH AND DEVELOPMENT

5.1 Ph. D. PROGRAMMES

The **Department of Civil Engineering** has started its Ph. D. programme from the academic session 2004-05. During the reporting year 04 scholars were enrolled for Ph.D.

The **Department of Mechanical Engineering** has started its Ph. D. programme from the academic session 2004-05. During the reporting year 04 scholars were enrolled for Ph.D.

The **Department of Electrical Engineering** has started its Ph. D. programme from the academic session 2006-07. During the reporting year 03 scholars were enrolled for Ph.D.

The **Department of Electronics and Telecommunication** has sponsored faculty to undertake Ph. D. programme under the NIT Silchar and IIT Guwahati MOU on academic exchange/linkage. During the reporting year 04 scholars were enrolled for Ph.D.

The **Department of Computer Science and Engineering** has started Ph. D. programs.

The **Department of Chemistry** started the Ph. D. programme from the January session of 2005 in Synthetic and Analytical Chemistry. 02 scholars were enrolled in the programme during the session 2008-09.

The **Department of Mathematics** has Ph. D. Programme in Fuzzy Sequence & Complex Analysis. Four scholars were enrolled in the program during 2008-09.

The **Department of Humanities and Social Sciences** had enrolled Ph.D scholars in the areas of economics and philosophy during the reporting year. During the reporting year 08 scholars were enrolled for Ph.D.

5.2. DETAILS OF PH. D.s COMPLETED

Three numbers of thesis have been submitted from the department of Physics during the reporting year.

5.3 PROPOSED PLAN FOR RESEARCH

The **Department of Civil Engineering** has expertise in the following areas:

Seismic performance evaluation with different control strategies, seismic slope stability analysis, effect of clay dampers in wave propagation, and behaviours of saturated and unsaturated soils under dynamic loading, water resources engineering. The Department is conducting research in these areas and also offering Ph.D programmes in these broad areas.

The **Department of Mechanical Engineering** has expertise in fluid mechanics, thermal engineering, refrigeration & air-conditioning, design engineering, manufacturing, optimization, etc. The Department is conducting research in these areas and also offering Ph. D. programmes in these broad areas.

The **Department of Electrical Engineering** has expertise in power electronics, soft computing, genetic algorithm and its application in power system and is working towards offering doctoral programme in this field.

The **Department of Electronics and Communication Engineering** has expertise to conduct research in semiconductor devices, microelectronics & VLSI design and communication engineering. Already few scholars (internal) are working on these areas.

The **Department of Chemistry** started the Ph. D. programme in 2005 and since then the Department has been trying to provide expertise in synthetic inorganic chemistry, energy and environment, synthetic organic chemistry, chemistry of natural products and reaction kinetics and mechanism. The Department also received new research project from the Department of Science and Technology.

The **Department of Physics** is actively involved in the experimental research in the emerging areas of science and technology. Ph. D. programme is going on in the

department. Broad areas of expertise available in the department are Solid State Gas Sensors, Carrier Transport in Thin Films, Solar Energy Materials, Interface States Characterization in Solid State Devices, Liquid Crystals, Nano-materials etc.

The **Department of Humanities and Social Sciences** now has expertise in agricultural and development economics in the field of economics and ethics, applied ethics and continental philosophy in the field of philosophy. The Department presently has thirteen research scholars and in the forthcoming year Ph. D. programme will be initiated in English Literature with expertise in contemporary Indian literature and feminism.

According to the Institute's Eleventh Plan proposal, 6 new M. Tech. courses will be running by the end of the Plan period in Structural Engineering, Control and Instrumentation, Production Engineering, Communication Engineering, Computer Science and Engineering and Machine Design and Robotics, with 180 as total intake capacity. The Plan also envisions the opening of postgraduate courses in science and humanities with an annual intake of 80 students.

5.4 INSTITUTE-INDUSTRY COLLABORATION

The institute being located in an industrially backward area, in spite of best efforts, it has not been possible to establish substantial interaction with industry during the year under review. However, a few consultancy and testing jobs have been carried out in this reporting year. Department of Scientific & Industrial Research, Government of India has identified the Institute as TePP Outreach Centre (TUC) under Technopreneur Promotion Programme (TePP). Through TUC activities, interaction with industries will improve.

5.5 INNOVATIONS AND TECHNOLOGY TRANSFER

Efforts are being made in this regard. However, no innovation or technology transfer has been achieved during the year under review.

6.0 COMPOSITIONS OF THE COUNCIL, BOG & OTHER COMMITTEES

6.1. COUNCIL OF THE INSTITUTE

The Composition of the Council was as under

Note: *The council functioned till the First Statute, under the National Institute of Technology Act, 2007 was declared/made available.*

01.	Minister of Human Resource Dev. (HRD), Govt. of India (GOI)	Chairman
02.	Education Secretary, Ministry of HRD, GOI	Member
03.	Principal Advisor (Education), Planning Committee	Member
04.	Secretary, Department of Science and Technology, GOI	Member
05.	Director General, Council of Scientific and Industrial Research	Member
06.	Special Secretary/Additional Secretary/Educational Advisor (T), Ministry of HRD, GOI	Member
07.	Chairman, University Grants Commission	Member
08.	Chairman, All India Council for Technical Education	Member
09.	Financial Advisor, Ministry of HRD, GOI	Member
10.	Two Chairmen of the Boards of the institute (by rotation)	Member
11.	Five Directors of the Institute (by rotation)	Member
12.	One Director of an IIT (by rotation in alphabetic order)	Member
13.	Two Secretaries of Higher/Technical Education from the state (by	Member

	rotation) where the NIT as located	
14.	Two persons from Industry nominated by the Central Government	Member
15.	Joint Secretary (Technical Education)/Joint Educational Advisor (T), Ministry of HRD, Govt. of India	Member Secretary

6.2 FINANCE COMMITTEE

The Finance Committee of the Institute is composed of the following members;

01.	The Chairperson Board of Governors, Ex-officio Chairman
02.	The Director, ex-officio member
03.	Joint Secretary dealing with National Institutes of Technology or his nominee and Financial Advisor (Human Resource Development) or his nominee members
04.	Two persons nominated by the Board from amongst its members
05.	The Registrar, ex-officio, Member Secretary: Provided that in addition to the above, the Chairman may, in consultation with the Director, co-opt a member as and when found necessary.

6.3 BOARD OF GOVERNORS

The Board of Governors of the Institute is composed of the following members:

01.	The Chairperson to be nominated by the Visitor
02.	The Director, ex-officio
03.	Two persons not below the rank of the Joint Secretary to the Government of India to be nominated by the Central Government from amongst persons dealing with technical education and finance
04.	Two persons to be nominated by the government of the State in which the Institute is situated, from amongst persons, who, in the opinion of the Government, are technologists or industrialists of repute
05.	One professor and one assistant professor or a lecturer of the Institute to be nominated by the Senate

6.4 BUILDING AND WORKS COMMITTEE

The Building and Works Committee of the Institute is composed of the following members:

01.	The Director, ex-officio Chairman
02.	One member nominated by the Central Government not below the rank of Director or Deputy Secretary
03.	One member nominated by the Board of Governors
04.	Registrar, ex-officio, Member Secretary
05.	Dean, Planning and Development or similar position-Member
06.	One expert each from Civil and Electrical Engineering Wing of Central or State Government or any autonomous body of repute-Member

6.5 OTHER COMMITTEES

SENATE

The Senate of the Institute is composed of the following members:

01.	The Director, ex-officio, who shall be the Chairman of the Senate;
02.	The Deputy Director, ex-officio
03.	The Professors appointed or recognized as such by the Institute for the purpose of Imparting instructions in the Institute
04.	Three persons, one of whom shall be a woman, not being employees of the Institute, to be nominated by the Chairperson in consultation with the Director, from amongst educationists of repute, one each from the field of science,

	engineering and humanities
05.	Registrar is the secretary of the senate

The lists of members of the aforesaid committees are presented in Annexure.

7.0 CONCESSIONS FOR SC, ST AND HANDICAPPED STUDENTS

7.1 CONCESSIONS PROVIDED IN ADMISSION OF STUDENTS

Course	Types of concessions	Category of students	Magnitude
B. Tech.	Reservation at admission stage	ST	7.5%
		SC	15%
		PH	3%
		OBC	27%
	Foreign and other category of students		24 seats (over and above sanctioned intake)
7 (seven) seats are reserved for physically handicapped candidates against Assam quota within the overall seat allotment of Assam			
M. Tech.	Reservation at admission stage	ST	7.5%
		SC	15%
		PH	3%
		OBC	27%

B. Tech.: There is no concession provided to the SC, ST and PH students for their payments towards Institution and Hostel fees.

M. Tech. & Ph. D.: For ST, SC students; tuition fees are waived. All fees for institutional faculties who enrol for doing Ph. D. are waived except their caution money and registration fees.

7.2 CONCESSION PROVIDED FOR STAFF

Statutory reservation policy and concession is followed by the institute for teaching and non-teaching posts.

8.0 FINANCIAL STATUS

9.0 CENTRAL FACILITIES AND SERVICES

9.1 CENTRAL COMPUTER CENTRE

The Institute computing facility includes high-end workstations and Intel Pentium based Personal Computers. All the computing resources of the institute are connected through a gigabit backbone LAN. In the reporting year, the Institute has enhanced its 2MBPS Internet Access facility to 16 MBPS leased line circuit from M/S BSNL. In addition, it has a 64 KBPS SCPC VSAT Link from ERNET. The Desktop PC of each faculty member is connected with Internet. Internet connectivity is also extended to Students' Hostels. The newly constructed (2650 Sq m) floor for the central computer centre has been made ready for occupation during the reporting year.

9.2 WORKSHOPS

The workshop of the Mechanical Engineering Department acts as a Central Workshop of the Institute. It has Machine, Welding, Fitting, Carpentry, Smithy, Pattern making and foundry shops. The workshop has Centre Lathes, Turret Lathe, Milling machines

(horizontal, vertical & Universal), Drilling machine (sensitive, polar & radial), Slotting machine, Grinder Pedestal, Surface Grinder M/C, Tools and Cutter Grinder Shaper machine, Planner machine, Power saw, MIG welding machine, TIG welding set, Motor Generator welding set, Wood Turning Lathe, Electric furnace, Thickness Planner, Smithy Hearth furnace, Shearing machine, Grinding machine, Bench Grinder, Sand Reaming machine, Green Hardness Tester, Sheet Bending machine, Hand Punching machine, Plate Bending machine, Sieve analyzer, Permeability tester etc. One 10-tonne UTM has been added to the Workshop during the year of reporting. Common workshop classes are held in the workshop along with workshop classes for higher semester of Mechanical Engineering branch. Different project works for the undergraduate students are also held in the workshop. The workshop is well equipped for the project works of the PG students of the Department. However, continuous efforts are being made to augment the facilities of the workshop commensurate with the change in technology. The workshop is also used for fabrication work for the Institute.

9.3 LIBRARY

In 2008-09, NIT Silchar Library continued to make progress towards the realization of the key strategies designed to improve support for the institute's learning, teaching and research activities. The Library has developed its collection by acquiring latest information resources during the year. The following table is a brief profile of information resources available in the library as on 31-03-2009:

Sl. No.	Name of Resources	Total Number available as on 31 st March 09
1.	Books	71,668
2.	Print Journal	61
3.	Bound Volume	4,921
4.	CD-ROMs	2,374
5.	Databases	20
6.	Videos	909
7.	ISI Code (Printed)	8,621
8.	Reports	340
9.	Book Bank (General)	8,836
10.	Book Bank (SC/ST)	6,758

Newly Added Resources

1.	Knovel ME Books
2.	CMIE Database
3.	AEA Database
4.	SIAM (LOCUS) (1952-1996 Backfiles)

LIBRARY SERVICES

The library continued to provide basic services like circulation and OPAC (Online Public Access Catalogue) services along with other allied services i.e. scanning, photocopying service and reference services etc. to its users throughout the year.

ELECTRONIC LIBRARY

The library renewed subscription to 3 databases those were subscribed during the previous year. Library added 4 new databases during this year and continued to receive 13 databases from INDEST consortia sponsored by MHRD, GOI.

The library had access to the following databases of INDEST Consortia.

INFRASTRUCTURE FACILITIES

Library has Techfocuz library server, which can host more than 2500 CDs to host the Digital Library. There are three computers kept inside the library to facilitate information accessing by users. Library is having VCP, Scanner and HP LaserJet Printer.

Library is using Libsys-integrated library management software for automating various functions in the Library like book procurement, circulation etc. Library is using RFID technology for book security purpose.

9.5 HOSPITAL, POST OFFICE, SHOPPING CENTRE

HOSPITAL

The Institute has a dispensary having staff, as on 31-3-2009, given below:

SI No	Staff Positions	Numbers
1.	Senior Medical Officer	0
2.	Lady Medical Officer	1
3.	Pharmacist	1
4.	Nurse-cum-midwife	0
5.	Medical Attendant	3

Senior Medical officer retired on 31.1.2008. All the staff and students of the Institute avail medical aid from the dispensary. The Institute also has an ambulance for carrying patients to Silchar Medical College Hospital for emergency treatment.

POST OFFICE

The Institute has a sub Post Office within the campus. The sub Post Office has facilities like registration, money order, and speed post. The post office functions from 9.30 AM to 2.30 PM. Students and staff and people from the surrounding villages take advantage of the facilities of this Post Office.

BANK

A fully computerized full-fledged core-banking branch of State bank of India with ATM facility operates in this campus. The students, staff and people of the villages surrounding the campus avail the facilities of the Bank.

SHOPPING CENTRE

A portion of the old LTD building houses the Institute Stores Section and the remaining portion is being used for shopping & other purposes with Post Office, Bank, PCOs, Fax Centres, DTP Centres and Bookshops etc. One Nescafe Corner, located adjacent to this building, operated by Nestle India Ltd. (under agreement with NITS) has opened during the year of reporting and is in operation.

STAFF CANTEEN

A full-fledged Canteen, named NITS Café, is in operation catering quality foods to students, staff and visitors.

9.7 PROPOSED CONSTRUCTIONS

1. Water Supply distribution network along with 2 Nos. of over head water reservoirs
2. Building for the Production Engineering Course under Mechanical Engg. Department.
3. Sports Complex and Swimming Pool.

9.8 FACILITIES FOR GAMES & SPORTS

The Institute has a playground measuring 150m x 90m with facility for playing football, Cricket, Hockey and other games. NIT Silchar also has a hard court for playing basketball and is provided with hard courts for playing Volleyball and Badminton. It has got a Lawn Tennis court within the campus. Glimpses are given below.

Football/Cricket ground	30,600.00 Sq m
Basket ball court	1 No.
Tennis court	3 Nos.
Badminton court	3 Nos.

Students' Activity Centre	1,145.00 Sq m
Amenities Building	1,739.00 Sq m

10.0 NOTABLE ACHIEVEMENTS

10.1 PAST ACHIEVEMENTS

Since inception in 1977, the Institute has produced more than 4000 undergraduate engineers in Civil Engineering, Electrical Engineering, Mechanical Engineering, Electronics & Telecommunication Engineering and Computer Science & Engineering streams. The Institute has produced more than 40 M. Tech.. Engineers in various specializations during the last two years. Three numbers of Ph. D.s were awarded from the department of Physics. Besides this, the Institute has been acting as State Technical Agency for the State of Manipur under Prime Minister's Gram Sadak Yojana (PMGSY). The Institute has been offering consultancy and expertise to local industries, government departments, public sector undertakings etc.
