From the Director's Desk...

It is extremely delightful for me to present the Annual Report of National Institute of Technology (NIT) Silchar, Assam for the year 2018-2019. National Institute of Technology Silchar, an Institute of National Importance, previously known as Regional Engineering College, Silchar, started its academic activities in the year 1977. NIT Silchar holds a respectable position among premier technical institutes in the country and has been consistently excelling in academics, research and innovation.

In the last four decades, the Institute has flourished and progressing gracefully in the field of engineering education. The Institute was established in the year 1967, and has a proud strength of 3530 students including UG, PG and research scholars. It gives me immense pleasure to mention that in the National Institute Ranking Framework (NIRF) announced by the Ministry of Human Resource Development (MHRD) in 2019, NIT Silchar has been ranked 51st among all the top 100 Engineering Institutes/Universities and 10th among 31 NITs in the country. It ranked 2nd in the North Eastern Region after IIT Guwahati, 36th in The Week survey and 18th in the survey conducted by Data quest for top 100 technical schools in India. National Board of Accreditation (NBA) has accredited fifteen programs of NIT Silchar among the twenty-one eligible UG & PG engineering programs. Five PG programs out of fifteen are in process of the accreditation and are periodically assessed by NBA. We hope that the remaining programs will be accredited soon in near future. Two of our laboratories, one in Mechanical Engineering and the other in Civil Engineering are accredited by National Accreditation Board for Testing and Calibration Laboratories (NABL). This was possible only because of the unconditional support, co-operation and contribution of all stake holders specially faculty members, staff, students and alumni of NIT Silchar.

The Annual Report is prepared based on the various activities of the Institute during the reporting year of 2018-2019 specifically highlighting the achievements of the institute. I express my sincere gratitude to the MHRD and the State Government for their whole hearted support and co-operation. I am specially thankful to all the members BOG, FC, B&WC, Senate, faculty, staff, students and alumni of NIT Silchar for their commitment and contribution towards the growth of the institute, and I firmly believe, we will conquer the epitome of success with all the dedication and persistence and will be leading as topmost technical institute of the country.

Prof. Sivaji Bandyopadhyay
Director, NIT Silchar

Mission

The mission of NIT Silchar is to train and transform young men and women into responsible engineers, technologists and scientists to motivate them to attain professional excellence and to inspire them to proactively engage themselves for the betterment of the society.

Vision

The vision of NIT Silchar is to establish a unique identity by developing quality human and knowledge resources in diverse areas of technology to meet local, national and global economic and social needs as well as the needs of human society at large in self-sustained manner.

Objectives

- *To impart the best technical education at both the Undergraduate/ Postgraduate level so as to train the students to be able to boldly face a world that is being transformed by scientific and technological advances.*
- *To engage in research work beneficial to Industry as well as society and disseminate the research findings.*
- *To provide knowledge based technological services to satisfy the needs of the industry as well as society.*
- *To help in building national capabilities in developing technologies, opening up new vistas in education and research.*
- *To promote Institute-Industry interaction through sponsored research by sponsoring faculty to work in Industry for short terms and by inviting people from Industry to deliver lectures etc.*
- *To promote national integration and impart value based education.*

Introduction

Historical Background

In the fifties, the Government of India decided to establish Regional Engineering Colleges (RECs) under the Quality Technical Education Policy – one each in every major state – with prime objective of imparting quality technical education throughout the country and to foster national integration. These Regional Engineering Colleges were established as joint ventures of the Government of India and the respective State Governments. Assam is considered as the flag bearer of the Northeast India and so in the year 1967 the 15th REC was officially established in Silchar. However it took almost a decade for REC Silchar to start its academic programmes due to various constraints.

The first batch of students was admitted in 1977 in the BE program in three branches of Engineering namely, Civil Engineering, Mechanical Engineering and Electrical Engineering. The total intake in the first batch was 60 students. The adequate infrastructure facilities consisted of only a part of a hostel, two Assam type buildings (for classes and administration), a workshop building, seven faculty quarters and a few staff quarters when the College started its academic programs in November 1977. Initially under the guidance of the then Principal Dr. H. R. Chablani, the classes started with only four full time Faculty members. The College started its academic program with affiliation from Gauhati University. The first batch of BE students was awarded degrees in the year 1982-83. Subsequently, two more branches, namely, Electronics and Communication Engineering and Computer Science and Engineering started functioning from the year 1983 and 1987 respectively. The affiliation was later shifted to Assam University in 1994.

On the basis of the report of the High Powered Joint Expert Committee of AICTE and UGC under the chairmanship of Prof. S. K. Joshi, Director General of Council for Scientific and Industrial Research (CSIR), Regional Engineering College Silchar has been transformed and upgraded to National Institute of Technology, Silchar with the status of Deemed University on 28th June, 2002. The Institute has been taken over by Government of India and subsequently made into fully funded Central Government Autonomous Institution. This ensures a better financial status for NIT Silchar and will accelerate its growth ensuring that it becomes one of the premier technological institutes of not just the North East but the entire nation. The Institute has remodelled its curriculum and academic activities in line with that of the IITs. With its Deemed University status, the Institute started awarding degrees from the year 2002 and the first convocation of the Institute was held on 16th February 2004. The Government of India declared the Institute as an Institute of National Importance by enacting the National Institutes of Technology Act 2007.

Location

The Institute is situated at Silchar (latitude 24.50N, longitude 92.510E, at a height of 114.68m above MSL), at a distance of about eight kilometres to the south from the heart of the town on the Silchar-Hailakandi road in Cachar District of Assam. Silchar is well connected to rest of the country via airways, railways and roadways. The Institute boasts of state-of-the-art academia and research infrastructure, lecture-theatres, laboratories, resource centres, sport grounds, open-air theatre, health centre, food-courts and many more being embraced by the greenery, expansive tea gardens and lakes.

Campus

The campus of the Institute is spread over an area of 540 acres, set amidst a sprawling landscape of natural quietness, bordered by expansive tea gardens. It presents a spectacle of harmony in the form of modern architecture, natural beauty and picturesque surroundings.

The campus area has been organized in three functional sectors:

- Hostel, amenities and activity centers for students
- Academic blocks and administrative block
- Residential sectors for the staff

The instructional buildings are strategically located between the hostels and staff quarters to provide easy access.

EDUCATION SYSTEM

Undergraduate (B.Tech.)

Admission Procedure

Admissions to the first semester of all Undergraduate courses are conducted on the basis of seats allocated by Central Seat Allocation Board (CSAB) from the list of candidates selected by all India JEE (Main). Besides, a specified number of foreign nationals/NRIs selected under the policy laid down by Govt. of India, are admitted directly to the 1st year of the courses.

Academic Calendar

The academic session is divided into two semesters each of approximately 17 weeks duration, an Odd Semester (July-December) and an Even Semester (January-June). The JEE (Main) selected candidates take admission in the first semester and on successful completion of the semester register for the subsequent semester on the dates specified in the Academic Calendar. The Senate approves the Academic Calendar consisting of schedules of activities for a session inclusive of dates for registration, mid-semester and end-semester examinations, inter-semester breaks etc. well in advance of a session. The Academic Calendar usually provides a total of about 90 working days in each semester.

Programme Structure

The duration of the programme leading to a B.Tech. degree is four years. The curriculum for the different degree programmes as proposed by the respective departments and recommended by the Departmental Undergraduate Programme Committee (DUPC) shall have the approval of the Senate. The departments would also prepare the syllabus of each subject containing the scope of studies and detailed instructions to be imparted which must have the approval of the Senate. All the subjects would have a lecture-tutorial-practical (laboratory/sessional) component (L-T-P) to indicate the contact hours. The tutorial (T) or practical/ Sessional (P) component may be absent in certain courses. Separate laboratory subjects (0-0-P) may exist in certain cases as decided by the Senate on the recommendation of the DUPC. All the subjects will have a credit count 'C'. Teaching of subjects will be reckoned in terms of credits. One hour lecture or tutorial class is designated as 2 credits while one hour practical class is designated as one credit. In each of the first year/ second year, there shall be non-credit compulsory Extra Academic Activity (EAA). The Extra Academic Activity may be N.S.S., N.C.C., or any other physical education. The curriculum for B.Tech. programme includes compulsory Industrial training of 6-8 weeks duration after 6th semester in any reputed industry, research organization, IIT's and other reputed institutions which is assessed in the 7th Semester. The Project work will carry a total of 15-20 credits.

Registration and Assessment

Students are registered in every semester irrespective of number of credits they have earned at the end of every year. However, if a student fails to complete his/her courses in the stipulated first four years (8 semesters), the student is required to vacate the hostel and complete the remaining part of credits from outside.

- a) If a student fails in a course, he/she will have to repeat the course in the appropriate semester when the course is on offer. He/she may prefer to register that course and attend all classes and offer him/her for normal evaluation or the student may prefer to appear the mid-semester and end-semester examination and his/her internal evaluation would be carried forward from the semester where he/she was regularly registered.

- b) A student may change an elective course within the time-frame mentioned in the academic calendar. If a student fails in an elective course, he/she may change the elective when he/she re-registers for the elective in the appropriate semester.
- c) The duration of the UG programme is four years. However, academically weak students are permitted to complete the programme in six years from the date of first registration.
- d) A student is permitted to register for few DD graded courses if the CPI of the student falls below 6.0 for improvement.
- e) If a student fails to clear a subject in the end semester examination, then he/she is permitted to clear the same in the re-examination normally conducted within the first 15 days of the next semester. No reduction in grade is invoked if a student clears the subject in the re-examination.

Postgraduate (M.Tech. / M.Sc. / MBA)

The M.Tech regulations provide the necessary guidelines for the two years regular Post graduate programme and three years part-time programme in Engineering disciplines. Similarly the M.Sc./MBA regulations provide guidelines for 2 years (4 semesters) M.Sc./MBA course.

Academic Procedure

M.Tech.

The courses leading to M.Tech degree are open to candidates who have obtained the prerequisite qualification with 60% marks or 6.5 CGPA in aggregate in the qualifying examination. Statutory relaxation in the eligibility criterion is provided to candidates belonging to SC/ST communities. Admission for the GATE qualified candidates is made through Common Admission Process called Central Counselling for M.Tech./M. Plan/M.Arch (CCMT). When GATE qualified candidates are not available, admission is done on the basis of merit as decided by the Institute.

M.Sc. (Chemistry, Mathematics, Physics)

Admission to M.Sc. courses in Chemistry, Mathematics and Physics are based on career marking, written test and interview. Applicants must have secured at least 50% marks or a CPI of 5.5 in aggregate at B.Sc. level and preference is provided to students having honours in the applied discipline. Statutory relaxation in the minimum eligibility criterion is provided to candidates belonging to SC/ST communities.

MBA

The minimum eligibility criterion for admission to MBA is Bachelor degree in any branch of Engineering/Science/ Humanities with 50% marks or 5.5 CGPA and valid CAT/MAT/CMAT scores. Final selection is conducted on the basis of Group Discussion and Personal Interview conducted at the Institute.

Programme Structure

Teaching for the courses is reckoned in credits. Due credit is provided to lecture, tutorial (theory) and practical components for a given subject. Normally for M.Tech., first two semesters have theory and practical (laboratory) subjects while for MSc/ MBA, theory courses are taught in all the semesters. The 3rd and 4th semester mostly constitute the project work for M.Tech. while for M.Sc./MBA, the project work spans over the fourth semester only. MBA students undergo a compulsory summer internship after second semester. Project work and Seminar are essential part of the curricula. Class tests, assignments, tutorials, viva-voce, laboratory assignments, etc., are the constituent components of continuous assessment process and a student must fulfil all these requirements as prescribed by the teacher/coordinator of the subject.

Registration

Students in Postgraduate programmes register for the course at the beginning of each semester. These programmes do not have summer/re-examinations. Students securing 'F' grade in any course appear the exam in the following session. Attendance in all classes is compulsory and assessment and evaluation pattern are similar to undergraduate course.

Research Programme (Ph.D.)

Students for admission to Ph.D. Programme in Engg. Departments must satisfy one of the following criteria:

1. Master Degree in Engg./Technology or equivalent in an appropriate area with a minimum CPI of 6.5 or equivalent (60% of marks).
2. Bachelor Degree in Engg./Technology with an excellent academic record and with a CPI of at least 8 or equivalent (70% of marks). Students for admission to the Ph.D. Programme in Science Departments must have a Master degree in relevant discipline with a first class or a minimum of 60% of marks or equivalent. Students for admission to the Ph.D. Programme in Humanities and Social sciences (HSS) Departments must have a Master degree with a minimum of 55% marks or equivalent. Selection of candidates is carried out on the basis of interview conducted by the concerned department.

Academic Programmes

Courses Offered

- (i) A four year B.Tech. Programme in the following branches of Engineering and Technology, is offered during the period.
 - ❖ Civil Engineering
 - ❖ Mechanical Engineering
 - ❖ Electrical Engineering
 - ❖ Electronics & Communication Engineering
 - ❖ Computer Science & Engineering
 - ❖ Electronics & Instrumentation Engineering
- (ii) A two- year M.Tech. M.Sc. & MBA programmes in the following branches are offered during the period.

M.Tech (under Civil Engg. department.)

- ❖ Water Resources Engineering
- ❖ Geotechnical Engineering
- ❖ Transportation Engineering
- ❖ Structural Dynamics & Earthquake Engineering
- ❖ Structural Engineering

M.Tech (under Electrical Engg. department.)

- ❖ Power and Energy systems Engineering
- ❖ Control & Industrial Automation

M.Tech (under Mechanical Engg. department.)

- ❖ Thermal Engineering
- ❖ Design & Manufacturing
- ❖ CAD-CAM & Automation
- ❖ Materials & Manufacturing Technology

M.Tech (under Electronics & Communication Engg. department.)

- ❖ Microelectronics & VLSI Design
- ❖ Communication & Signal Processing Engg

M.Tech in Computer Science & Engg.

M.Tech in Instrumentation Engg. (Under Electronics & Instrumentation Engineering)

M.Sc. in Applied Chemistry (Chemistry Department)

M.Sc. in Applied Physics (Under Physics Department)

M.Sc. in Mathematics (Under Mathematics Department)

MBA (Under Management studies)

DEPARTMENTS

1. Name of the Department:

Civil Engineering

1.1 Academic Staff:

HEAD: Dr. U. Kumar (01.04.2018 – 23.05.2018)

Dr. P. S. Choudhury (23.05.2018 – onwards)

Name of Faculty members:

Professor	Associate Professor	Assistant Professor
Prof. Satyabrata Choudhury	Dr. A. K. Das	Dr. Monowar Hussain
Prof. A.K Dey	Dr. T. Rahman	Dr. Debjit Bhowmik
Prof. P. S. Choudhury	Dr. P. Roy	Dr. Amit Kumar Das
Prof. D. Chakraborty		Mrs. Nirmali Borthakur
Prof. A. I. Laskar		Ms. Parbin Sultana
Prof. M. Ali Ahmed		Ms. Anangsha Alammyan
Prof. A. K. Barbhuiya		Dr. Arjun Sil
Prof. U. Kumar		Dr. Nitesh A.

		Dr. B. S. Sil
		Dr. S. Ghosh
		Dr. Prashanth J

		Dr. Khwairakpam Lakshman Singh
		Mr. Pallab Das
		Dr. Nirmalendu Debnath
		Dr. Vara Laxmi M Prasad
		Dr. Bijan Kumar Roy
		Dr. Subhrajit Dutta

Visiting Professor (If any): NIL

1.2 Distinction Achieved

a) By Student:

- (i) Mr. Ayan Das (research scholar No. 17-3-01-125) has reviewed two manuscripts from SCI-indexed journal 'Advances in Structural Engineering'.

b) By Faculty Member:

- (i) Dr. Nitesh A., "Winner of Year 2019 as International Innovative Researcher in Structural Dynamics for International Innovation, Betterment and Excellence in Technical", Research Peace Awards, RULA Awards.
- (ii) Dr. A. Sil, Appointed as "Research Advisor" of Nanyang Academy of Sciences (Singapore).

1.3 Seminars, Symposia, Short Term Courses, Workshops

a) Conducted by Faculty Member

Sl. No	Name(s) of the Coordinator	Title	Funding Agency	Duration
1	Dr. Nitesh A. and Dr. A. Sil	One week workshop on Earthquake disaster mitigation	TEQIP-III	16-20 January 2019
2	Prof. A.K. Dey	First NE Inter NIT Geotechnical Students' Meet	TEQIP-III	13-14 May 2018
3	Prof. A.K. Dey & Dr. A. Sil	7th Indian Young Geotechnical Engineers Conference (7IYGEC-2019)	TEQIP-III	14-15 May 2019
4	Dr. Susmita Ghosh & Dr. Prashanth J.	Integrated soil water modelling	TEQIP-III	8 to 12 April 2019
5	Dr. B.K. Roy & Dr. Prashanth J.	Hazard mitigation of onshore and offshore structure	TEQIP-III	26 to 30 April 2019
6	Dr. M.L.V. Prasad	One week workshop on innovative construction materials for roads and buildings	TEQIP-III	9-13 November 2018
7	Mr. P. Das	Recent Advances in Fuzzy Optimization	TEQIP-III	21-15 May 2018
8	Dr. A. Sil & Dr. N. Debnath	One day Springer nature author workshop on scientific publishing.	TEQIP-III	21 August 2018
9	Dr. N. Debnath, Dr. B. K. Roy, Mr. P. Das, Dr. S. Dutta, Dr. M.L.V. Prasad, Dr. A. Sil, Dr. D. Bhowmik, Dr. Nitesh A.,	National Conference on Advances in Structural Technologies (CoAST-2019)	TEQIP-III	1-3 February 2019

b) Participated by Faculty Member

Sl. No.	Name of Faculty	Details of the Program	Organizing Institute
1	Prof. A. K. Dey	Short term training programme on Geosynthetics as Modern Civil Engineering Construction Materials	IIT Madras
2	Prof. A. K. Dey	One day Seminar on Use of Geosynthetics	Menteng, Jakarta, Indonesia
3	Dr. Prashanth J.	Recent Advances on Water and Environment Studies	NIT Silchar
4	Dr. S. Ghosh	Recent advancements on Water and Environment studies	NIT Silchar
5	Prof. U. Kumar	Recent Advances on Water and Environment Studies	NIT Silchar
6	Dr. Kh. Lakshman Singh	Recent Advances on Water and Environment Studies	NIT Silchar
7	Dr. Kh. Lakshman Singh	An AICTE approved Faculty Development Programme on Foundation Program in ICT for Education	IIT Bombay
8	Prof. A. K. Dey, Dr. D. Bhowmik, Dr. M. Hussain, Dr. A. K. Das, Dr. N. Debnath.	Curriculum Design and Implementation for Outcome Based Education	NIT Silchar

1.4 Research Development

a) Ph.D. Programme (Specializations):

- Geotechnical Engineering (GE)
- Structural Engineering (SE)
- Structural Dynamics and Earthquake Engineering (SDEE)
- Transportation Engineering (TE)
- Water Resources Engineering (WRE)

b) Ph.D. Produced/Ongoing (in number):

Completed	Submitted	Ongoing

c) Research Lab/ Workshop:

Sl. No.	Name of Lab/Workshop	Purpose/Linkage to an existing/new programme
1	Structural Engineering Laboratory	To conduct UG and PG lab (Structural Engineering, Structural Dynamics and Earthquake Engineering) and to serve the PhD research, R&D and Consultancy.
2	Concrete Laboratory	To conduct UG and PG lab (Structural Engineering, Structural Dynamics and Earthquake Engineering) and to serve the PhD research, R&D and Consultancy.
3	Geotechnical Engineering Laboratory	To conduct UG and PG lab (Geotechnical Engineering) and to serve the PhD research, R&D and Consultancy.
4	Soil Dynamics Laboratory	To conduct UG and PG lab (Geotechnical Engineering) and to serve the PhD research, R&D and Consultancy.
5	Centre for Testing and Consultancy (NABL accredited)	Advanced level research and consultancy
6	PG Computation Lab	PG-Programs: Geotechnical Engineering (GE), Structural Engineering (SE), Structural Dynamics and Earthquake Engineering (SDEE), Transportation Engineering (TE), Water Resources Engineering

		(WRE). (NOTE: this lab also serves the needs for environmental engineering requirements).
7	Hydraulics Lab	To conduct UG and PG lab for Hydraulic and Water resource Engineering, Also Serves as lab to perform PhD research
8	Water Resources Lab	To conduct UG and PG lab for Hydraulic and Water resource Engineering, Also Serves as lab to perform PhD research
9	Highway Engineering Lab	To conduct UG and PG lab for Transportation Engineering, Also Serves as lab to perform PhD research
10	Modal Testing Lab (Sponsored by SERB, DST)	Modal Testing Facility

d) Ongoing/Completed Sponsored Research Project:

Sl. No.	Project Title	Principal Investigator(s)	Funding Agency	Cost in lakhs	Duration
1	Effect of variations in input-excitation on the performance of limited-sensors based operational modal analysis.	Dr. N. Debnath	DST, SERB.	31.66 Lakhs	3 years (2016-19)
2	Topology optimization of complex structures and architected metamaterials -- Computational design considering uncertainties	Dr.S Dutta	DST International Cooperation (Bilateral) Division and Finland Scheme	1 Lakh (DST) + 3735 Euros (Academy of Finland)	2 years (April, 2019 - July, 2020)
3	Condition Assessment & Reliability of Existing Bridges.	Dr. A. Sil	DST, SERB.	19.09 Lakhs	3 years (2017-20)
4	Development of Spatial Data Infrastructure (SDI) and its impact on climate change for Cachar district, Assam, India.	Dr. D. Ghose	DST	30 Lakh	2019-2021
5	STA NIT Silchar	Prof. M. A. Ahmed	NRRDA	-	2018-
6	DST project on Evaluation of Nonlinear Fatigue Damage in Asphalt Materials.		DST	42 Lakh	2015-2018

e) Research Paper Reviewed

10	Dr. Sudip Dey	Technical talk- (a) Career scope for UG, PG and PhD Scholars at Germany (b) Optimization of variable-axial composite structures. By Dr. Jose Humberto, Alexander von Humboldt Fellow, IPF, Germany	TEQIP-III	5 th March 2019
11	Dr. Sudip Dey	GIAN course- Structural dynamics, Aerodynamics and vibrational control of wind turbines. By Prof. Biswajit Basu School of Engineering, Trinity College, Dublin, Ireland	GIAN, MHRD, GOI	16 th to 20 th April 2019

b) Participated by Faculty Member

Sl. No.	Name of Faculty	Details of the Program	Organizing Institute
1	Dr. Bipul Das	Faculty Development Program: Recent Advancement in welding and allied processes	Assam Engineering College
2	Dr. Sudip Dey	Invited talk on "Conservation of energy"	Oil and Natural Gas Corporation (ONGC Srikona, Assam) on 12th February, 2019

1.4 Research Development
a) Ph.D. Programme (Specializations):

Thermal Engineering, CFD application, Non-conventional energy; Computational combustion; Bio-fuel research, Boiling heat transfer, Refrigeration, Air - conditioning, CFD, Solar Energy; Renewable energy, Robotics; Advanced Manufacturing processes, Micro-machining; Micro hydro turbine, Hybrid renewable energy system, Solar thermal collectors; Composite, Fatigue & fracture behavior of material; Extended surface, Heat transfer, Thermodynamics, Nano fluidics; Design of object under water, Non-linear & linear water flow. Development of innovative idea; Microfluidics, Natural convection, Non-Newtonian fluid mechanics, Numerical heat transfer; Bio- mechanics, Bio-materials, Fatigue behaviour of materials; Heat exchanges, Mixed convection, Solar thermal; Uncertainty quantification, Computational mechanics and modelling, Mechanics of tribology, Meta-materials, functionally graded materials and composites, Multi- scale Analysis, Optimization and reliability analysis; Non-traditional optimization, Virtual manufacturing; Fluid mechanics, LBM

b) Ph.D. Produced/Ongoing (in number):

Completed	Submitted	Ongoing
12	5	75

c) Research Lab/ Workshop:

Sl. No.	Name of Lab/Workshop	Purpose/Linkage to an existing/new programme
1.	Solar RTC	UG and PG in Thermal Engg.
2.	Instrumentation and Control Laboratory	UG Lab
3.	Nano composite Lab	PhD and M.tech project, UG Project
4.	FRP Lab	PhD and M.tech project, UG Project
5.	Materials Characterization lab	PhD and M.tech project, UG Project
6.	Renewable engineering laboratory	Research work can be done in renewable energy
7.	Machinery Dynamics Lab	UG Project
8.	PVT Lab	PG in Thermal Engg. and Research

d) Ongoing/Completed Sponsored Research Project:

Sl. No.	Project Title	Principal Investigator(s)	Funding Agency	Cost in lakhs	Duration
1	Design and development of a heat pipe embedded solar collector based latent heat storage system for domestic application	Dr. B. Das	SERB	27.21	2017-2020
2	Development and testing of hybrid solar photovoltaic thermal (PVT) air system for the composite environment of North-East India for tea drying applications	Dr. B. Das Dr. A. Biswas	SERB	30.3	2018-2021
3	Experimental and Computational analysis of heat sink application for optimal performance by developing low cost natural filler reinforced composite material	Dr. S. Bhowmik Dr. B. Das	CPRI	22.63	2017-2019
4	Design and development of a hybrid photo voltaic thermal (PVT) system for rural application	Dr. B. Das Dr. A. Biswas Dr. S Halder	DST	14.6	2017-2020
5	Centre for Advanced Manufacturing and Material Testing	Dr. Sudipta Halder (Coordinator)	DST-FIST	220	20.08.2015 to 20.08.2020
6	Bamboo bricks/laminates from BMFs (Bamboo Micron Fibres) for low-cost housing structures for North Eastern Himalayan region	Dr. Sudipta Halder	NMHS	49.5	3 Years
7	Enabling innovative multiple self-healing technology in fiber-reinforced composite with unaltered mechanical properties,	Dr. Sudipta Halder	SERB-DST	35	3 Years
8	Jal Abhyaranya Campaign for Water security in IHR	Dr. Sudipta Halder	NMHS	13.624	45 days
9	Development and Testing of nano doped hybridized biodiesel as pilot fuel for hydrogen dual fuel operation in CI engine.	Dr. Abhishek Paul	DST	52.81 Lakhs	3 Years
10	Development and testing of hybrid solar photovoltaic thermal (PVT) air system for the composite environment of North-East India for tea drying applications	Dr. Biplab Das (PI) Dr. A. Biswas (Co-PI)	DST	30.3	2017-20
11	Stochastic multi-scale failure analysis of composites.	PI-Dr. Sudip Dey Co-PI- Dr. S. Maity Co-PI- Dr. Arunasis Chakraborty	AR&DB	11.55	2 Years

1.4 Research Development

a) **Ph.D. Programme (Specializations): Electrical Engineering**

b) **Ph.D. Produced/Ongoing (in number):**

Completed	Submitted	Ongoing
14 (Fourteen) (From 01/04/2018 to 31/03/2019)	3 (Three) (From 01/04/2018 to 31/03/2019)	61 (Sixty one) (Till 31/03/2019)

c) **Research Lab/ Workshop:**

Sl. No.	Name of Lab/Workshop	Purpose/Linkage to an existing/new programme
1.	Embedded System Lab	To carry out undergraduate, PG projects, mini projects for M. Tech (CIA) as a part of the course curriculum. Moreover, to take up projects leading to Ph.D
2.	Virtual Nano lab and CAD	To cater to the need of carrying out research in the field of nano electronics and VLSI Design
3.	Power System Hardware Lab	To explore the possibilities of conducting research on Smart Grid related problems using Power TLS simulator, Relay trainers
4.	Research Lab for Power Electronics	To provide facility for experimentation related to Power electronics and publish research papers based on prototype hardware results.
5.	Advance Control Laboratory	To provide facility for experimentation related to Control engineering and publish research papers based on prototype hardware results.
6.	Biomedical Signal Processing and Control Lab	Linkage to an existing program
7.	Network Theory Lab	Separate this lab from Basic Electrical lab as both runs in the same semester of B.Tech programme.

d) **Ongoing/Completed Sponsored Research Project:**

Sl. No.	Project Title	Principal Investigator(s)	Funding Agency	Cost in lakhs	Duration
1.	Design and Demonstration of Off-grid Self-Healing & Sustainable DC Community Energy Solutions	Dr. Amritesh Kumar (CO-PI)	DST	250	2 Years
2.	Investigation and development of robust control strategy for nonlinear bilateral teleoperation system with delayed communication: An experimental validation for rehabilitation of stroke patients	Dr. Rajeeb Dey and Dr. Nabanita Adhikari	MHRD	67	2 years

1.2 Distinction Achieved

a) By Student: NIL

b) By Faculty Member:

1. Dr. Kaushik Guha was elevated to IEEE Senior Member
2. Dr. Kaushik Guha was resource person in National Workshop on “Emerging Trends in High Frequency Electronics Devices and Communication Technology” from 25th-29th March, 2019 in Mizoram University.
3. Dr. Kaushik Guha was awarded OUTSTANDING FACULTY IN ENGINEERING under VIFA 2018
4. Dr. Kaushik Guha was awarded prestigious IRDP award ‘Sardar Vallabhbhai Patel National Reformer Award 2018’.
5. Dr. Robin Khosla awarded Alexander von Humboldt Foundation post doc fellowship, at University of Stuttgart, Germany
6. Dr. Trupti Ranjan Lenka was Faculty Advisor- ED NIT Silchar Student Branch Chapter: Received Funding of 1000 USD in Feb 2019.
7. Dr. Trupti Ranjan Lenka was Faculty Advisor- ED NIT Silchar Student Branch Chapter: Received Funding of 1000 USD in Apr 2018.
8. Dr. Trupti Ranjan Lenka was PhD Thesis Examiner of Manipal University, Jaipur, Rajasthan held on 22nd Nov 2018.
9. Dr. Trupti Ranjan Lenka was PhD Thesis Indian Examiner of Anna University, Chennai held on 08th Oct 2018.
10. Dr. Trupti Ranjan Lenka was PhD Thesis Indian Examiner of Anna University, Chennai held on 28th Sept 2018.

1.3 SEMINARS, SYMPOSIA, SHORT TERM COURSES, WORKSHOPS

a) Conducted by Faculty Member

Sl. No.	Name(s) of the Coordinator	Title	Funding Agency	Duration
1.	Dr. Arnab Nandi Dr. Nirmla Soren	Outcome Based Education & Accreditation (WOBEA 2018)	TEQIP III	30 Sep – 1 Oct 2018
2.	Dr. S. K. Tripathy	INSPIRE Internship Science Camp	DST	05 days
3.	Dr. S. K. Tripathy	National Workshop on Modeling of Novel Nanoelectronic Devices and Circuits for ULSI Technology	DST+TEQIP	05 days

4.	Dr. Koushik Guha	3 Days workshop on “CMOS-MEMS Integration: From Devices to Applications”	DSTSERB	12-14 April 2018
5.	Dr. Koushik Guha and Dr. K. L. Baishnab	15 Days Hands on Training on CADENCE	Self-Sponsored	1 st -15 th June 2018
6.	Dr. Koushik Guha and Dr. K. L. Baishnab	Six week Summer Internship Program on VLSI	Self-Sponsored	1 st June - 15 th July 2018
7.	Dr. Koushik Guha	2 -Day Familiarization Workshop on Nanofabrication Technologies organized by INUP IIT Bombay and NIT Silchar	INUP, IIT Bombay and NIT Silchar jointly	28 th -29 th January 2019
8.	Dr. Koushik Guha, Dr. K. L. Baishnab, Dr. Wasim Arif, Dr. T. R. Lenka	International Conference on Recent Trends in Electronics & Computer Science (ICRTECS- 2019)	TEQIP-III	18 th -19 th March 2019
9.	Dr. Koushik Guha	3 Days workshop on “CMOS-MEMS Integration: From Devices to Applications”	DSTSERB	12 th -14 th April 2018
10.	Dr. Koushik Guha and Dr. K. L. Baishnab	15 Days Hands on Training on CADENCE	Self-Sponsored	1 st -15 th June 2018
11.	Dr. Koushik Guha and Dr. K. L. Baishnab	Six week Summer Internship Program on VLSI	Self-Sponsored	1 st June - 15 th July 2018
12.	Dr. Koushik Guha	2 -Day Familiarization Workshop on Nanofabrication Technologies organized by INUP IIT Bombay and NIT Silchar	INUP, IIT Bombay and NIT Silchar jointly	28 th -29 th January 2019
13.	Dr. Koushik Guha, Dr. K. L. Baishnab, Dr. Wasim Arif, Dr. T. R. Lenka	International Conference on Recent Trends in Electronics & Computer Science (ICRTECS- 2019)	TEQIP-III	18 th -19 th March 2019
14.	Dr. Prabina Pattanayak	Recent trends in wireless communications: Challenges and Opportunities	TEQIP III	05 days
15.	Covener: Dr. Rabul Hussain Laskar Coordinators: Dr. Ram Kumar Karsh Dr. R. Murugan Dr. Tripti Goel	One week training program “Biomedical Imaging & Image Processing	TEQIP-III	28 th July to 1 st August 2018
16.	Dr. Brinda Bhowmick (Convener) Dr. U Chakraborty (Coordinator)	Emerging Devices, Circuits and Systems (EDCS 2019)	TEQIP-III	21 st to 25 th January 2019
17.	Dr. T. R. Lenka	IEEE EDS Mini Colloquium (MQ) on “Recent Trends in Microelectronics & VLSI Design” at NIT Silchar.	IEEE Electron Devices Society (EDS)	3 rd Nov 2018

b) Participated by Faculty Member

Sl. No.	Name of Faculty	Details of the Program	Organizing Institute
1	Dr. Arnab Nandi	4th World Summit on Accreditation (WOSA 2018), 7-9 Sep 2018	National Board of Accreditation
2	Dr. Banani Basu	Outcome Based Education & Accreditation (WOBEA 2018)	NIT Silchar
3	Dr. S. K. Tripathy	International Conference on Advanced Research in Applied Science and Engineering (RASECONF)	Virje University Amsterdam
4	Dr. Devendra Singh Gurjar	Outcome Based Education & Accreditation (WOBEA 2018),	NIT Silchar, 30 Sep - 1 Oct, 2018
5	Dr. Devendra Singh Gurjar	Networks & Software Architecture	IIT Kanpur, 15-16 Sep 2018
6	Dr. Devendra Singh Gurjar	One-week Summer School on Antenna and Microwave Engineering (SUSAME-2018)	NIT Silchar, 23 - 27 July, 2018
7	Dr. Koushik Guha	Attended and presented a paper in "6th International Conference on Computing, Communication and Sensor Network", October, 27 th -28 th , 2018, Kolkata, India	Applied Computer Technology
8	Dr. Koushik Guha	Attended and presented papers in "IEEE Sponsored 2019 5th International Conference for Convergence in Technology", March 29th -31st, 2019, Pune, India	IEEE Bombay Section
9	Dr. Pukhrambam Puspa Devi	Workshop on Intellectual Property Rights and Technological Development	NIT Silchar
10	Dr. Pukhrambam Puspa Devi	Workshop on outcome based education and accreditation	NIT Silchar
11	Dr. Pukhrambam Puspa Devi	Summer school of antenna and microwave engineering	NIT Silchar
12	Dr. Pukhrambam Puspa Devi	Stress Management and Leadership Development	Art of Living International Centre, Bengaluru
13	Dr. Taimoor Khan	TEQIP III Sponsored, <i>One Week</i> , "Summer School on Antenna and Microwave Engineering (SUSAME-2018)", Department of Electronics and Communication Engineering, NIT Silchar.	TEQIP III

1.4 Research Development
a) Ph.D. Programme (Specializations):

Medical Image Processing, Wireless Sensor Networks, 4G and 5G Communication, Design of Antenna and Metamaterials Structure, Soft Computing Techniques in Antenna Array Optimization, Wireless Communications, Microwave Engineering, Microelectronics

b) Ph.D. Produced/Ongoing (in number):

Completed	Submitted	Ongoing
16	04	43

c) Research Lab/ Workshop:

Sl. No.	Name of Lab/Workshop	Purpose/Linkage to an existing/new programme
1	Green Communication Systems Lab	New Lab for Green Communications
2	Speech and Image Processing Lab	Research

3.	Image Processing and Computer Vision Lab	Research
4	Optical Communications Lab	Research
5	Photonics Research Lab	Research

d) Ongoing/Completed Sponsored Research Project:

Sl. No.	Project Title	Principal Investigator(s)	Funding Agency	Cost in lakhs	Duration
1	Design of Reconfigurable Defected Ground Structure Resonator for Wireless Application	Dr. Arnab Nandi	SERB, Gol	23.4	3 Years
2	Effect of metal doped TiO ₂ on photoanode and lead free organic-inorganic metal halide perovskite on photovoltaic performance of perovskite solar cell: experimental and theoretical approach	Dr. S. K. Tripathy	SERB	42.38	2017-2020
3	High Pressure Phase Transitions, Electronic, Elastic and Optical Properties of Selected Defect Chalcopyrite Semiconductors for Optoelectronic Application	Dr. S. K. Tripathy	CSIR	11.42	2019-2022
4	Chips to System Design- Special Manpower Development Project (C2SD- SMDP) in IIT Madras cluster	Dr. K. L. Baishnab Dr. Koushik Guha	MeitY, Govt. of India	160 approx.	5 Years (2015 - 2020)
5	Development of prototype facial biometric based on video surveillance system	Prof. F. A. Talukdar (PI) Dr. Rabul Hussin Laskar (Co-PI)	BARC	24.98	3 years
6	Development of prototype of disabled friendly automatic virtual text-entry keyboard interface system under practical environment conditions	Dr. Rabul Hussain Laskar (PI) Dr. Taimoor Khan (Co-PI)	DST	89.45/-	3 years
7	Multimodal user interface for assisting elderly people in indoor environment	Dr. Joyeeta Singh (PI) LNMIIT, Jaipur Dr. Rabul Hussin Laskar (Co-PI)	DST	32.2	3 years
8	Development of EBG-Structured Printed Antennas for Ultra Wideband Communication and Futuristic Modeling for Prediction of Performance of Parameters using Computational Intelligence Techniques	Dr. Taimoor Khan (PI) Dr. Rabul Hussin Laskar (Co-PI)	DST	18.4	3 Years
9	Sir Visvesvaraya Young Faculty Research Fellowship Award	Dr. T. R. Lenka	Ministry of Electronics and Information Technology (MeitY), Govt. of India	32.00	5 Years

e) Research Paper Reviewed

Sl. No.	Faculty Name	Journal Name	No. of Paper	Year

3. A brief Introduction and Activities of CCC:

The Institute computing facility is maintained by the Central Computer Centre (CCC) which includes high-end servers and Intel Core-i5 and i7 based Personal Computers. The CCC comprises of three computer labs equipped with around 330 computers.

The state-of-art IT Infrastructure is deployed in the year 2013 and the whole Institute including the various departments, Students' Hostels, Administrative Building, Guest House, Library, Residential Quarters, Health Centre, Estate Engg. Branch, SAC Building, NITS Café, are connected by a campus-wide LAN and Wi-Fi facility using high speed Fibre Optic cables (1 Gbps). The LAN and Wi-Fi are managed by High Level Switches and a host of Servers. The Switches are connected by Fibre Optic Cables to Switches located in different academic departments, students' hostels of the Institute.

- The Institute has a dedicated 1 Gbps leased line under National Mission on Education through Information and Communication Technology (NME-ICT) / National Knowledge Network (NKN), which provides 24x7 Internet Connectivity to serve the internet needs of Institution.
- The institute has also a 16 Mbps leased line from Bharat Sanchar Nigam Ltd. (BSNL), dedicated to DNS service and for Backup purpose.

Currently, Wi-Fi connectivity is available at Guest House, Administrative Building, Lecture Hall Complex, Residential Quarters, Health Centre, Estate Engg. Branch, SAC Building, NITS Café, Sports Complex as well as the departments. Network expansion still continues and work is going on for making the campus Wi-Fi by deploying more number of access points. CCC takes all possible steps in its capacity to make the network accessible round-the-clock. Efforts are conducted to improve the reliability for meeting the expectations of the end-users.

4. Facilities provided by Central Computer Centre :

- Campus wide Internet connectivity: Providing/Maintaining internet facility around campus through LAN and Wi-Fi on required basis.
- Institution mail service: Creating and looking after personal Institute mail of all employees and students. Institute e-mail Ids are served to all, under nits.ac.in domain.
- Hardware Maintenance/Support: On required basis, rectifying computer hardware issues over academic areas.

- UPS maintenance/ support: On the basis of requirement, providing UPS backup to active network components.
- Institution web portal: Day-to-day activities/updates of NIT Silchar, exploring to rest of the world through institute website.
- Video conferencing: CCC is equipped with the arrangement for supporting video conferences with MHRD, Rastrapati Bhawan and live lecture series with other institutions, virtual sessions.
- Virtual classroom: Through this virtual classroom it is employed possible to interchange technical sessions/ discussions with other institutions. Few workshops and conferences are conducted in the virtual classroom such as GIAN courses.
- Computer lab facility: Three labs are operated under the center for conducting UG/PG classes, Training and Placement (T&P) Cell's activities and for common online examinations.
- Supporting surveillance camera: Providing passive communication support through IP Camera around the campus.

CENTRAL LIBRARY

1. INTRODUCTION

The Central Library is integral part of academic and research activities of NIT Silchar. It was set up in the year 1977 and it is one of the best technical libraries in North East India. It has been growing and expanding in the aspect of collection both in print and digital form since it's inception and provide services to the academic fraternity of NIT Silchar to meet their teaching, research, consulting, training and learning requirements. The range of services offered by the library is comparable to the best libraries in the eastern zone of India. During the year 2018-19, the library is shifted from old library building to the new library building i.e. **Dr. A P J Abdul Kalam Learning Resource Centre** which was inaugurated by Hon'ble Chief Minister of Assam Shri Sarbananda Sonowal in 2016.

The key officers of the Central Library are:

Chairman

Prof. S. Baishya, PhD

Faculty Advisor (Library)

Dr. P.K. Tiwari, PhD

Assistant Librarian

Ms. Krishnamati Singha, BSc, MLISc, MBA (HRM)

2. Collection Development

Collection building is one of the important function of the library, which supports academic and research activities of the students, faculties, staff and other users. Collections of central library consist of printed books, CDs, printed journals, e-journals/databases, e-books, theses, reports, standards, and other reading materials covering the areas of science, engineering and technology, humanities, social sciences and management. The following table presents the collections of the library for the year 2018-19 :

The total collection of library as on 31st March 2019 stands as follows:

5. LIBRARY SERVICES

Circulation service

The books circulation service is kept open for 48 hours a week. The Library issued 25445 numbers of books during the year 2018-19.

Resource Sharing

The library maintains excellent relations with libraries like Central Library of Assam University, and other local college libraries in Sothern Assam and also with DELNET for exchange of books, journals, photocopies etc. for the mutual benefit of the users. Library provides resource sharing service through inter-library loan and document delivery services. Library has core membership of E-ShodhSindhu, NDL.

Book Bank facilities

The library maintains a book bank facility to help students belonging to Scheduled Castes, Scheduled Tribes, Physically Challenged and economically weaker sections of the society. The book bank consists of the prescribed text books for undergraduate courses and loans up to 5 to 7 books each to these students for full semester and sometimes more depending on availability. During the year around 500 students availed this facility and borrowed 4850 books from this collection.

Lib 2.0 SERVICES

Library users can get the latest updates/happenings in the library through our library blog at <http://library-nitsilchar.blogspot.com/> and get connected through our Facebook group at <http://www.facebook.com/groups/369833813038102/>. Central Library has created a web portal for e-resource management, which provides web-based access to its electronics journals, e-books and databases. It has set up a digital library & e-learning portal for the NIT, Silchar community. The library is a part of the institute-wide network and has adequate computing infrastructure to cater to the needs of the end-users.

Web OPAC (Search Library Catalogue)

The entire Library collection including books, journals, CDs etc. can be searched through the web enabled Online Public Access Catalogue (OPAC). Users can access the OPAC to find out the real-time availability of library materials from their own computer terminals from library of institute website or the URL is: <http://10.30.30.20:8001>

6. LIBRARY ORIENTATION & TRAINING

Library Orientation for fresher / user's education

Library has conducted key initiatives for 'user's education programme' to inform, educate and train users about various resources and services of the library. In addition, library organizes orientation programmes for the benefit of library users.

7. MANPOWER DEVELOPMENT

The manpower of library consists of a small team of talented and dedicated staff to perform their duties and responsibilities with dignity and honesty. In addition to their regular jobs, most of them are involved in various academic activities like attending workshop, presenting papers in various journals, seminars and conferences.

Centre for Development of Advanced Computing (C-DAC)

The 11th centre of C-DAC, the premier R&D institution of the Ministry of Electronics & Information Technology, was set up in NIT, Silchar in 2014. This centre runs independently by C-DAC as the nodal agency for proliferation of C-DAC technologies, and capacity building in the North East. It has jointly carried out several programs with NIT, Silchar, viz., (1) Deployment of C-DAC research lab-kits in educational institutes of the North East and (2) Capacity Building through Internship in the Area of SCADA and Automation. C-DAC also offered Summer Internship program for 2 months for the students of NIT Silchar. 17 students from NIT Silchar participated. Besides these C-DAC implements e-Governance projects for governments of NE states, notable among them being (1) Deployment of e-Aushadhi (a Drug & Vaccine Distribution Management System) in the NE states and (2) Deployment of NERS (National Emergency Response System) in the NE states (3) Deployment of eHRMIS (Online Human Resource Management and Information System) in NE states. Other notable projects deployed by CDAC in NE states are: (1) Proliferation of e-Saadhya in NE schools (2) Implementation of Distributed Honeynet System at NE to collect, distribute and analyze live cyber-attack data (3) Real Time Energy Assessment System for North Eastern States (4) ICT Solutions for India's Northeast Heritage and (4) Forest Fire Detection in India's North East states. CDAC Silchar is also certifying agency for 8 NE states for PMGDISHA evaluations. Till May 31, 2019, more than 129000 candidates were proctored.

SUPERCOMPUTING CENTRE

NITS Supercomputing Centre, The Centre of Excellence in High Performance Computing (HPC) was commissioned on 05 April 2014 and it was first of its kind in North East NITs having state-of-the-art Supercomputing Centre built with x86_64-bit latest Intel Ivy Bridge processing and Accelerators (Intel Xeon Phi and NVIDIA Kepler Co-processing) technologies with a compute power of 15 Tera Flops, established in collaboration with C-DAC, Pune. The HPC Centre comprises of one Master node, sixteen compute nodes with NVIDIA GPU, Intel Xeon Phi Accelerators, and 84 TB storage capacity connected by Storage node, management node and Infini band of 56 Gbps connectivity. It has been used on high priority by the researchers of North East Institutions in computational science and engineering research and also highly acknowledged through research publications. The project proposed by Dr. T. R. Lenka, Coordinator, HPC entitled "Capability building through Internship Scheme for UG/PG/PhD Research students of recognized universities/institutes in North Eastern India for strengthening research and development using HPC Technologies" was approved by C-DAC North East Steering Committee for 2 Years (2016-2017). It covered internship of 50 students from North East Technical Institutions with stipend of Rs. 5000 per month for two months and Internship held at C-DAC, Pune. The NITS Supercomputing Centre has also shown interest to be a part of the ongoing National Supercomputing Mission (NSM) of Govt. of India

INSTITUTE INNOVATION COUNCIL (IIC)

Under the MHRD Innovation Cell (MIC) Institute Innovation Council (IIC) is established with a purpose of systematically fostering the culture of Innovation and support entrepreneurial activities among the students of the institute.

Major focus of IIC

- To create a vibrant local innovation ecosystem.
- Start-up supporting Mechanism in HEIs.
- Prepare institute for Atal-Ranking of Institutions on Innovation Achievements Framework.
- Establish Function Ecosystem for Scouting Ideas and Pre-incubation of Ideas.
- Develop better Cognitive Ability for Technology Students.

Functions of IICs

- To conduct various innovation and entrepreneurship-related activities prescribed by Central MIC in time bound fashion.
- Identify and reward innovations and share success stories.
- Organize periodic workshops/ seminars/ interactions with entrepreneurs, investors, professionals and create a mentor pool for student innovators.
- Network with peers and national entrepreneurship development organizations.
- Create an Institution's Innovation portal to highlight innovative projects carried out by institution's faculty and students.
- Organize Hackathons, idea competition, mini-challenges etc. with the involvement of industries.

Under the IIC there are: a) Start Up Centre, b) E-Cell

Start up Centre

NIT Silchar has established a Startup Centre to provide an inclusive platform to the young student entrepreneurs with state of art infrastructure facilities to culture their idea and grow. The centre hosts some early student startups and provides them required facilities such as Internet, Electricity, Seminar Hall, Desk for thinking and developing their products. Presently there are 04 student startups and 02 local entrepreneurs working under startup centre.

E-Cell

Entrepreneurship Cell (E-Cell) NIT Silchar is a non-profit organisation whose main aim is to act as a link between the students and their entrepreneurial aspirations. It functions to bridge the gap which comes in the path of success for a budding entrepreneur by equipping him/her with the relevant skill-set required to excel in the market.

E-Cell NIT Silchar has organised numerous events, competitions, real-time pitching simulations, Business-plan models and market-trade analysis scenarios to name a few.

Under IIC institute establish E-Cell which aims to create the right eco-system of entrepreneurial activities in the institute. As part of the activities E-cell promotes peer collaboration with other E Cells from IITs/NITs/Universities and Incubation Centers.

Some of the notable events and competitions which E-Cell NIT Silchar organised successfully:

a. Pitch Please:

A real-time simulation event for the entrepreneurial minds wherein students pitch their mind boggling ideas in front of the judgment panel along with the audience. This event was aimed at targeting and honing the influencing aspect required in any Entrepreneur which is needed in times of presenting their ideas before others.

b. If I Were the CEO:

An online event where the participants were asked to step into the shoes of the CEO of a leading multi-national company in order to provide a real, applicable solution to the specific problem being faced by that company/startup. This event required solving of some of the unique as well as original questions which appears before the CEO.

c. Plantastic:

A two-stage event where part 1 comprised of a quiz consisting of questions from the trending concepts of market, business, economics etc. The participants who cleared part 1 were able to participate in part 2. Here they had to design a fully-functional Business-model about a specific issue but in less than 24 hours.

d. Bech Ke Dikhao:

An event full of fun and frolic where the participants had to sell virtually useless products such as torn clothes, used bottles, broken umbrella etc. It required thinking out of the box approach so as to convince the audience to buy that particular product (virtually). The participation was huge and people were very enthusiastic about the uniqueness and the fun aspect of this event.

2. Interaction Video:

An interaction video was shot by the team of E-Cell NITS inside the campus itself. The host asked various simple yet not-much-thought-about questions to the students of various disciplines and programmes of our college. It was really amazing to see the responses of the students and their opinions about the various issues happening around the world of business, trade and startups.

3. Orientation:

E-Cell NITS conducted its orientation programme for the freshmen of our campus to make them aware of the existence of E-Cell NITS and its achievements in the past. It highlighted the students about the need of building startups, having an entrepreneurial bent of mind, various aspects of taking risks and learning and growing in the process. The session was witnessed by a hugely enthusiastic audience and they also got many of their doubts cleared in the session.

4. Orientation Quiz:

The orientation was followed by a two-round Quiz comprising questions related to various aspects of business, startups, trending terms of the industry market and some general knowledge. It was heartily accepted by the students and they participated wholeheartedly in the Quiz.

5. E-Cell Warfare

E-Cell NITS in association with “Dare2Compete” (an online platform of hosting various quizzes, competitions, events etc) conducted 3 online Quizzes as follows:

- a. Entrepreneurship Quiz
- b. Tech Quiz
- c. General Knowledge Quiz

All the three Quizzes had participation from all over the country. The winners of the various quizzes were provided with e-certificates by the E-Cell NIT Silchar. This was the event with the most widely reaching audience.

E-CELL NIT Silchar bagged the 2nd prize all over India among various E-Cells of different colleges in the competition “E-CELL WARFARE” organised by ‘Dare2Compete’. This feat is really commendable and appreciable. It has paved a new way for the development of our E-Cell and its promotion around India.

Weekly Events

E-Cell NIT Silchar used to organize various weekly events like pitching, business model presentations etc., to give a taste of entrepreneurship to all the enthusiasts.

Pictures of Various Events Organized by E-CELL, NIT SILCHAR

Other than this the notable events that IIC has been able to conduct are:

Smart India Hackathon:

30 teams from NIT Silchar has participated in the software segment of the Smart India Hackathon-2019 and three (03) teams were selected in Grand Finale. It is my pride to inform you that 02 teams from NIT Silchar, Team-Anant and Team- Wingineers won the Grand Finale in their respective segment. I congratulate them for such achievement at a national level competition.

Anveshan

Anveshan is a research conclave which was organized with emphasis on undergraduate and post graduate innovative research projects. The primary aim of this event was to identify the young and rising talents who could hold the baton of tomorrow's innovation and creativity and to strengthen the culture of research for tomorrow. The top 05 project ideas with their prototype were funded from the institute to participate in the national event where our students are acclaimed appreciation about their ideas.

SAE BAJA

Team **TWARAN** of NIT Silchar has been participating in all India SAE Baja competition organized by Mahindra and Mahindra Group each year. This year our team has secured 63rd position in the virtual round held in Chandigarh where more than 220 institutes have participated. The final and physical round will be held next year.

INSTITUTE-INDUSTRY PARTNERSHIP CELL (IIPC)

To keep up with the increasing demand of Industry Ready Professionals and establish the Institute as a research oriented centre of excellence, NIT Silchar thrives hard to establish Institute-Industry Collaboration. The Institute. Industry collaborations have been executed in various modes, such as Testing, Consultancy Project, and Joint Research Project etc. Various MoUs are signed for a fruitful Institute-Industry Collaboration. One audit course titled "Off Highway Vehicle" is developing in collaboration with NASSCOM and TATA Technologies.

RESEARCH PROMOTION CELL (RPC)

The genesis of the Research Promotion Cell (RPC) by the National Institute of Technology, Silchar in the year 2012 has been a phenomenal step towards materializing Innovation. The cell dedicates itself for development of ideas in the field of science and technology. It provides research support to B.Tech./M.Tech./M.Sc. students for pursuing exciting and Innovative research. The principal objective of this body of research includes:

- Promotion of professional and academic activities.
- Provide career guidance to students.
- To involve young brains in Science, Engg. and Technology development process.

FACILITIES

Research Promotion Cell has a dedicated air conditioned Computer Lab with Wi-Fi and dedicated Internet access which remains open for 24 hours and provides a perfect atmosphere for research. Funding is provided for equipment, consumables, travel, staff/ labour charges and contingency. Research Promotion Cell not only provides support to the research oriented students, but also informs all the students of NIT Silchar about various internships opportunities in India and abroad through its web portal. This has benefited not only students of NIT Silchar, but also students from other colleges too.

PROJECTS

Some research projects are undertaken by the students include:

- Integrate of MPPT based on solar power generation hybridized with thermocouple principle, based solar generation, enabled with wireless transmission of solar power from ocean buoys
- Self Stabilized Quad- rotor with GSM Navigation
- Solar fountain
- Quadcopter and Image processing
- Ethane-o-creeper
- DC generator by using electromagnet (Solenoid)
- Refrigerated automatic pet feeder
- Solar powered bamboo rickshaw
- Design & Development of efficient tea leaf plucking machine
- Focusing & positioning system using automated robot
- Gesture Recognized Robot
- Study on improvement of bearing capacity of soft clay using geocell reinforcement
- Development of new triaxial cell for determination of shear parameters of soil

INDOVATION

Research Activities Promoted Through Indovation Lab.

1. Development of Graphene Based Nanomaterial for Electromagnetic Interference Shielding of Electronic Components

Team Members: Papari Das, Dr. Ashish B Deoghare, ME Deptt., NIT Silchar

Electromagnetic (EM) pollution caused by various electronics devices have become serious threat to human health, as well as to devices kept close to one another. External EM waves not only hampers proper functioning of electronics devices but also renders them nonfunctional. In this work, various graphene based nanomaterial will be developed which will lead to efficient shielding or blocking of external EM waves. Graphene a highly conductive nanomaterial will be formed into graphene polymer nanocomposite film, graphene foam and graphene aerogel. For each material developed EMI shielding effectiveness will be calculated based on permittivity and permeability values obtained from Vector Network Analyser (wave guide set-up). As such the most efficient EMI shielding graphene based nanomaterial will be concluded on.

2. Development of composite bone scaffold using hydroxyapatite derived from Caprine bone bio-waste and Polylactic-co-glycolic acid (PLGA)

Team Members: Emon Barua, Dr. Ashish B Deoghare, ME Deptt., NIT Silchar

Scaffold-based bone tissue engineering holds great promise for the future of osseous defects therapies. Literatures show practical applications of hydroxyapatite (HAp) extracted from bone bio-wastes for the development of bone scaffold. In the present study, composite scaffold will be developed from HAp extracted from femur of caprine and PLGA (Polylactic-co-glycolic acid) biopolymer using gas foaming process at different concentration of HAp and PLGA. The mechanical, morphological, physico-chemical and thermal properties, *in vitro* bioactivity, biodegradability and cytocompatibility of the developed scaffold will be investigated to obtain a suitable composition with best optimized properties of the scaffolds.

A provisional patent with application no.: 201931010903 has been filed based on the proposed idea in the year 2018-2019.

3. Development of composite bone scaffold using hydroxyapatite derived from Caprine bone bio-waste and Polylactic-co-glycolic acid (PLGA)

Team Members: Sunny Ujlaan, Dr. Ashish B Deoghare, ME Deptt., NIT Silchar

In today's world one of the major leading factors to health problem is STRESS. The basic parameters on which stress can be identified are heart rate, galvanic skin response, body temperature, blood pressure, which provides detailed information on the state of mind of a person. These parameters vary from person to person on the basis of certain things such as their body condition, age and gender. The main goal of the model is to analyses the mental stress through physiological data using electrocardiograph in different positions and moods. Different pre-processing techniques can be used for stress detection. Many classifiers like artificial neural network, support vector machine, Bayesian network, and decision tree are to be used to get more accurate results based on accuracy.

- Initial Stage - Building a python machine learning model for stress calculation.
- Second Stage - Verifying the model with the real life case study.
- Third Stage - Improving the model by training it with multiple case studies.
- Fourth Stage - Extending the model with facial recognition for stress indication.

4. Simulation of sulphur-iodine dual doped reduced graphene oxide for electromagnetic shielding of electronic systems

Team Members: Dhruvil Purohit, Dr. Ashish B Deoghare, ME Deptt., NIT Silchar

Interference occurs when a signal emitted by one device gets unintentionally picked up by another device-creating noise or a compromised connection. Electromagnetic shielding helps to minimize the interference effect between the devices. Simulation is carried out to model the reduced graphene oxide sheet doped with sulphur and iodine to enhance the shielding properties. Simulations are carried on different configurations of the SI-rGO sheet to measure the shielding efficiency.

5. Mobile Intravenous Drips

Team Members: Ayush Singh Beruvar, Saran Sidda, Dr. Ashish B Deoghare, ME Deptt., NIT Silchar

The project deals with development of a device which enables a patient to undergo intravenous therapy without restraining motion. It comprises of a mechanical pump, a bladder and a pocket for an IV fluid bag. It relates to enabling the ability of taking intravenous drips without constraining the mobility of ambulatory patients.

The project was awarded the title of best research proposal at ANVESHAN-2019 Student Research Convention at NIT Silchar and we secured 2nd Position in East Zone Convention at Central University of Jharkhand, Ranchi and finally participated in National Level at Ganpat University, Gujarat.

A provisional patent with application no.: 201931011489 has been filed based on the proposed idea in the year 2018-2019.

6. Examination of the frequency response of middle ear components under dynamic loading conditions

Team Members: Chayad Barbhuiya, Dr. Ashish B Deoghare, ME Deptt., NIT Silchar

Using FEM technique, intricate anatomy of middle ear can be modelled effectively. In this study, within the human audible range at different pressure levels, response of stapes, footplate and umbo will be calculated (i.e displacement of ossicles and tympanic membrane). Also replacing the ossicular chain with materials and thereby calculating hearing percentage restoration or relative percentage loss will be performed.

7. Participation in BAJA competition SAE India at IIT Ropar, March 6-11, 2019.

TWRAN Team of NIT Silchar Fabricated Four Wheeler ATV Model. Twenty one students of different branches were participated in program. The work was supervised by Dr. Wasim Arif, ECE Dept & Dr. Sujit Nath, ME Deptt., NIT Silchar

8. Mr. Ayush Singh Beruvar and Kshitij Mehrotra were selected for the prestigious NTU India Connect Program to carry out intensive research work at the School of Mechanical and Aerospace Engineering, NTU Singapore during the summer months of May- July 2019. The program was sponsored by NTU Singapore and NIT Silchar. Mentor of the students was Dr. A. B Deoghare & Dr. Sujit Nath, ME. Deptt. NIT Silchar

9. Publication details

International Journal: - 07,

International Conference:- 11

10. Participated in Outreach Programme of Assam Startup

Assam Startup Initiative (**Assam Startup which was launched on 20th January, 2019 by our Honorable Chief Minister Shri Sarbananda Sonowal**) to spread the awareness regarding this initiative.

11. Patent awareness program Conducted in association of MBA Department.
12. SAE BAJA : Team Twarn of NIT Silchar bagged 63 rd position in the virtual round of SAE BAJA competition which is National Level Automobile Competition organized by Mahindra and Mahindra. This year the team is going to build an ATV to compete in the event. There are some innovative solution and design are planned for and presently the design team is finalizing the simulation model of the car.

STUDENTS' ACTIVITIES

Students' activities come under the purview of Dean (SW). The office of the Dean (SW) consists of the following members:

DEAN (SW)		
Name	Qualification	Period
Prof. M.A. Ahmed	Ph.D	01 April 2015 to 1 st May 2018
Prof. R.D. Misra	Ph.D	1 st May 2018 onwards
ASSOCIATE Deans (SW)		
Name	Qualification	period
Dr. D.C. Das	Ph.D	8 th October 2014 to 22 nd Oct 2018
Dr. G. Ramesh	Ph.D	14 th August 2015 to 15 th August 2018
Dr. Wasim Arif	Ph.D	9 th January 2018 onwards
Dr. Koushik Guha	Ph.D	27 th August 2018 onwards

Scholarship / Assistantship Awarded to the students during 2018-19:

The students, of this Institute, are awarded various types of scholarships from various schemes of Central Govt., State Governments, PSUs, Charitable Trusts/ Organizations. During this period under review no. of students received scholarship/stipend from various sources.

Sl. No.	NAME OF THE SCHOLARSHIP	Name of the State	Amount of Scholarship awarded in 2018-19 (RS)	No. of students received the Scholarship	Remarks
1.	Govt. of Andhra Pradesh & Telengana	Andhra Pradesh	380940.00	08	
2.	Govt. of Bihar	Bihar	4943930.00	73	
3.	Govt. of Madhyapradesh	Madhyapradesh	56666.00	2	
4.	Central Sector Scholarship	All India	1303700.00	48	
Total-			6685236.00	131	

Apart from the aforesaid Scholarships, there are many scholarship schemes which follows DBT System under which the students get directly benefited through scholarship amount.

Moreover, many parents (guardians) of our students also avail reimbursement of educational expenditure from their employers like – BSNL, Railways, & other Govt. / PSUs on our recommendations.

Assistantships (M.Tech / Ph.D): Students admitted in the M.Tech & Ph. D programme in the institute are awarded Assistantship as per norms of MHRD and Institute. To be eligible for this Assistantship, a student must have cleared GATE/NET/UGC exams & must be a regular non-sponsored student.

Railway concession service is also provided to students of NIT Silchar from Dean (SW) Office.

NIT Silchar encourages its students for sports and other activities as well. Students are involved in NCC/NSS/Gyansagar and various other co-curricular activities. They also have a student union body, known as “Gymkhana Union Body”

STUDENTS’ GYMKHANA

In pursuit of excellence and giving life a meaningful direction, Students’ Union body “**Gymkhana**” of NIT Silchar works towards profound personality development of NIT students by infusing in them a spirit of constructive co-operation, leadership qualities and organizational capabilities. This is being achieved by involving them in a wide spectrum of Sports & Games as well as Social & Cultural and Technological activities throughout the year.

The year 2018-2019 was also full of activities and achievements and students have made the Institute proud by maintaining high standards of organizational and leadership qualities.

Information regarding the students' activities (Gymkhana) under Office of the Dean (SW) during 2018-19 Session

i. GYMKHANA HELP DESK

At the start of the academic year 2018-19, a help desk was set up by the Gymkhana Union Body to assist the new students and their accompanying parents with the admission procedure and hostel allotment.

ii. ORIENTATION PROGRAM

An orientation programme for the newly admitted UG, PG and PhD students was held on 13th August 2018. The new students were acquainted with the Administration, the HoDs of various departments, and with the Gymkhana Students' Union Body.

iii. HINDI DIWAS

14th September 2018 saw the celebration of Hindi Diwas in accordance with MHRD guidelines. A cultural program and literary competitions were held in the presence of distinguished guests and personalities associated with the Hindi Language.

iv. ALUMNI MEET

The 9th Alumni Meet was held in the Institute campus on 17th and 18th of November 2018 for the batch of 1989-93. Various interaction sessions and get-togethers were organized for the students to meet and learn from the alumni that were present. A cultural program and dinner concluded what was a brilliant event.

v. INDEPENDENCE DAY 2018

On 15th August 2018, NIT Silchar celebrated the 72nd Independence Day of India. It started with the hoisting of the Indian National Flag along with a rendition of the National Anthem. It was followed by the Inter-Hostel Parade competition and cultural programs that showcased themes of Patriotism and Unity.

vi. RABINDRANATH TAGORE MEMORIAL DAY

On 7th August 2018, NIT Silchar celebrated Rabindranath Tagore Memorial Day in honour of the great poet. There was a cultural program by the students of NIT Silchar and literary competitions such as poetry writing, elocution, etc were held to encourage the spirit of literature.

vii. GENERAL FRESHMEN WELCOME PROGRAM

On 8th and 9th September 2018, The Gymkhana Students' Union Body held a Freshmen Social event for the new batches of UG and PG respectively. The program consisted of various dances, musical performances, dramas, and the very popular Mr. & Ms. Freshers' competitions.

viii. TECNOESIS 18

26th-29th October 2018 saw the celebration of Tecnoesis, the annual tecno-management fest of NIT Silchar. The theme of this year's edition was "Reinventing the world through technology". The event had many modules which were organized by the students themselves. Many distinguished guests and personalities in the field of technology and innovation made their presence felt and interacted with the students. Last but not the least, a cultural program then constituted the conclusion of the fest.

ix. EKTA DAUD

There were two EktaDaud marathons held throughout last year. On 14th August 2018, on the eve of Independence Day and on 25th January 2019, on the eve of Republic Day. The runs saw a humungous number of participants from the faculty and student communities, who were to run along a predetermined route through the campus. The camaraderie and unity shared by the participants truly made it an Ekta Daud.

x. FREEDOM MARCH

xi. REPUBLIC DAY '19

On 26th January, 2019, NIT Silchar celebrated the 70th Republic Day of India. The day started with the hoisting of the tricolour along with a rendition of the National Anthem. What followed was a cultural jhanki with themes of harmony and unity, and the Inter-Hostel parade competitions which saw students representing their hostels with great enthusiasm.

xii. BLOOD DONATION CAMP

Blood donation camps were held on 15th August 2018 and 26th January 2019 after the Independence Day and Republic Day event celebrations respectively. The students and faculties donated blood to the SMC blood bank with the novel thought that it will save lives whenever needed.

xiii. INCANDESCENCE '19

15th to 18th February 2019 hosted Incandescence 2019 in NIT Silchar. The premier cultural fest of the region had a multitude of events ranging from quizzes and debates to full-blown rock concerts. Many distinguished guests and artists from around the world came here to entertain the crowds.

xiv. BANDWAGON

xv. RAKSHABANDHAN CELEBRATIONS

xvi. JANMASHTAMI

On 1st September 2018, NIT Silchar celebrated Janmashtami with the pomp and joy of Lord Krishna's birthday. A dahihandi competition between the various hostels was also organized.

xvii. DURGA PUJA

On 16th to 19th October 2018, NIT Silchar celebrated Durga Puja. The festivities centered around the campus Pandal which saw a huge footfall from the faculty and student communities.

xviii. DIWALI

On 7th November 2018, NIT Silchar celebrated Diwali in its various hostels which hosted pandals and puja ceremonies. In the evening, people gathered in the football field to burst crackers and enjoy the spirit of Diwali.

xix. North East Sports Meet 2018

xx. SwachhtaPakhwara

14th September 2018 saw the organization of Swachta Pakhwada in the college. It consisted of a cleanliness drive, a pledge taking ceremony, a visit to a nearby school, and a small cultural program in the evening

xxi. Self Defense Workshop for Women

On 6th - 7th October 2018, a self-defense workshop was hosted for the women of the institute. They were instructed on basic self-defense tactics by a renowned martial-arts practitioner.

Apart from all the above mentioned programmes NIT Silchar also celebrated many other events, e.g. World Environment Day 2017, International Day of Yoga 2017 etc.

INFRASTRUCTURE AND AMENITIES

Estate - An overview :

Historical Background

In the late fifties, the Government of India decided to establish Regional Engineering College under the Quality Technical Education Policy - one each in every major state – with the prime objective of imparting quality technical education throughout the country and to foster national integration. These Regional Engineering Colleges were established as joint venture of the Government of India and the respective State Government. Assam is a major state in the North-East of India and the 15th REC was officially established in Silchar in 1967. Though 14 other RECs started functioning within 1967, it took about another decade for REC, Silchar to start its academic programmes due to various constraints.

The college started functioning in 1967 from a camp office in Shillong (the then Capital of Assam) with Dr. S. K. Baruah as Principal and Prof. B. R. Seth, the then Vice-Chancellor of Dibrugarh University as Chairman of the Board of Governors. Subsequently, an area of about 540 acres of land was acquired by the Govt. Of Assam, on the outskirts of Silchar town. This land was part of Bhorakhai Tea Estate.

The first batch of students was admitted in 1977 in the B.E programmes in 3 branches of Engineering viz. Civil Engineering, Mechanical Engineering and Electrical Engineering. The total intake in the first batch was 60 students. The meagre infrastructural facilities consisted of only a part of a hostel, two seven faculty quarters and a few quarters for Grade-IV staff of the college when the college started its academic programme in November, 1977. Initially, the classes started with only 4 full time teachers and with Dr. H. R. Chablani as Principal. The college started its academic programme with affiliation to Gauhati University. The affiliation was later shifted to Assam University in 1994. The first batch of B.E students were awarded their degrees in the year 1982-83. Subsequently, two more branches viz (i) Electronics and Telecommunication Engineering and (ii) Computer Science and Engineering started functioning from the year 1983 and 1987 respectively. On the basis of the report of the High Powered Joint Expert Committee of AICTE and UGC under the chairmanship of Prof. S. K. Joshi, Director General of Council for Scientific and Industrial Research (CSIR), Regional Engineering College Silchar has been transformed and upgraded to National Institute of Technology, Silchar with a Deemed University status with effect from 28.06.2002. The Institute has been subsequently made into a fully funded Government of India Institution. This ensures a better financial status for NIT Silchar which will accelerate its growth and ensure that it becomes one of the premier technological Institutes of not just the North-East but also of the entire nation. The Institute has remodelled its curriculum and academic activities in line with that of IITs. With its Deemed University status, the Institute started awarding degrees from the year 2002 and the first convocation of the Institute is being organization today to award degrees to all those students who qualified for the degree after its transformation into an NIT.

2. Location

The Institute is situated at Silchar, the headquarters of the district of Cachar in Assam. The location of the Institute is at a distance of about eight kilometres to the south of the town of Silchar on the Silchar-Hailakandi road. Cachar is the southernmost district of Assam bordering Mizoram on south, Manipur on east and Tripura and Meghalaya on west.

3. Campus

The campus of the Institute is spread over an area of 540 acres. It presents a spectacle of harmony in modern architecture, natural beauty and picturesque surroundings. The campus area has been organization in three functional sectors, viz.

(a) Hostel for students.

(b) Instructional Buildings and Administrative Block.

(c) Residential sectors for the staff.

The instructional buildings have been so located that these are fairly near to both the hostels and the staff quarters. There is a full-fledged branch of State Bank of India, a Post Office in the campus. The students & staff and also the villagers surrounding the campus get the facility of the SBI & Post Office. The Institute has its own Health Care Centre with a full-time Senior Medical Officer to attend to the emergency medical needs of the students, staff and their families. Patients suffering from serious illness, requiring intensive care, are referred to the Silchar Medical College & Hospital, which is only about two kilometres from the campus. The Institute have ambulance facility for shifting patient to the near by hospital. An adequately equipped canteen is there near the instructional zone and mini market complex which will provide facilities to the students and the staff during and beyond the working hours. There is a well equipped gymkhana and sports complex attached with an auditorium which are utilized by students for activity like gymnasium, indoor games and similar other pursuits.

4. Services

HOSTELS

NIT Silchar is a residential campus. It provides hostel accommodation for students. Separate hostel accommodation is available for girl students. Apart from that, family accommodation is also provided to the married Ph. D scholars. It is mandatory for all the students to stay in the hostels. However, under special and extraordinary cases, a student may be permitted to live with his/her parents or local guardian at Silchar. Students permitted to stay outside hostels are exempted from payment of mess charges, electricity and water charges under hostels fees but they will have to pay the hostel establishment charges. The name, full address, office and residence telephone number, designation and willingness of local guardian have to be furnished at the time of admission. Room in the hostel is allotted in such way that students from different regions of the country freely stay with each other, depicting national integration.

The Institute has 13 nos. of hostels for the students inside the campus. 10 for the boys (UG/PG separate), 3 for the girl students (UG/PG) and one for family accommodation to the married Ph. D Scholars. Hostels' capacity varies from hostel to hostel. Available capacity of boys' hostels all together (UG/PG) is approximately 4000, the available capacity of girls' hostel (UG/PG) is approximately 500 and available capacity of Married Scholar Hostel is 106 flats.

Following are the list of facilities available in the Hostels:

1. Chair, Table, Bed, Wardrobe, and Fan provided in each room
2. Round the clock water supply and power supply.
3. Diesel generator (centrally) available in case failure of power supply.
4. LAN/ Internet
5. Wi-Fi connection
6. Inverter.
7. Water cooler cum Purifier.
8. TV Hall with LED TV.
9. Newspaper and Magazine.
10. Photocopier (Xerox) in each hostel.

11. Ambulance service round the clock.
12. Coffee house provided.
13. Indoor game like, Table Tennis, carom, chess provided.
14. LPG connection and fire wood cook house available.
15. Dining hall with dining Table/chair provided
16. Fire Extinguisher provided.
17. Bi-cycle stand provided.
18. Badminton court with lighting arrangement available (Only BH-1 & GH- 2).
19. Washing Machine provided to the Girls Hostels.
20. Geyser facility for a few Girls & a few Boys Hostel.

Following are the list of services available in the hostels:

1. Security service
2. Cleaning service
3. Food & catering service
4. Maintenance of civil, electrical, plumbing & sanitary services.
5. Maintenance of Aqua guard & cooling cum purifier service.
6. Hot water for bath during winter.
7. Managerial service provided for messing & Maintenance
8. Vehicle service provided for attending classes.

HEALTH CENTRE

The Institute has a Health Centre with a full time Medical Officer to attend the Medical needs of the students, staffs and their families. The Health Centre apart from providing allopathic medicine also offers Ayurvedic treatment, Dental treatment, dressing and first aid ,pushing saline and injection ,dispensing medicines,ECG,Laboratory facilities (Blood & Urine tests) etc.

Patients suffering from serious illness, requiring intensive care are referred to Silchar Medical College & Hospital (SMCH) which is about two kilometers from the campus. There is also a students' counsellor who offers counselling to the students.

Ambulance facility is also available round the clock for any medical emergency.

KENDRIYA VIDYALAYA

The 6th Academic Session for the year 2018-19 commenced from 1 st April 2018. The Total Enrolment position of Students during the year was 885 with very healthy gender distribution of 457 boys and 428 girls. A total of 111 new students were admitted in the Vidyalaya in the year 2018-19 with 85 of them in class I and 26 in other classes. In 2018-19, a total of 78 students appeared in CBSE Class-X Board Examination and 29 students appeared in Class-XII Board Examination. Out of these, 92.31% of students qualified Class X and 96.55% of students qualified Class XII examination. In Class-X, the highest percentage of marks was 94.8 % scored by Shivangi Verma. Similarly, the highest percentage of marks in Class XII was 94.6 % scored by Mihika Deb who also got Rs. 10,000/- prize money for standing in the top 1.5% of qualified students in CBSE nationwide merit. Various games and sports activities are regularly organized and conducted as an integral part of school curriculum in the Vidyalaya. Under the Sports category, the Vidyalaya has seen all-time high participation in the KVS Regional and National Sports Meets where 74 students participated in the KVS Silchar Region Regional

Sports Meet. Out of these 74 students, 14 students (including 5 girls) got selected for the KVS National Level Sports Meet in various events like Taekwondo, Skating, Chess, Rope skipping and Athletics. The students of the Vidyalaya very actively participated in Silverzone International Olympiad 2018-19 conducted in Mathematics, Science, English and Computer Subjects. A good number of students got Gold, Silver and Bronze Medals in each of these subjects. In addition, two students namely Purbita Banik, Class VII and Alisha Borah, Class VIII selected for the 2nd level to compete for the top slots in Science Olympiad, and one student namely Dakshayani Sharma, Class VI got selected for the 2nd level to compete for the top slots in English Olympiad. In the year 2017, several students from our Vidyalaya participated in KVS Cluster Level Social Science Exhibition out of which 2 students were selected to compete at the Regional Level of the Social Science Exhibition at Tejpur. A major event for the Vidyalaya was the 45th Jawaharlal Nehru National Science Mathematics and Environment Exhibition for Children 2018-19 in which a large number of students from our Vidyalaya took very active part in the Regional Level program of the event and demonstrated their innovative ideas and concepts under various themes of the event through properly designed scientific models and exhibits. Five students from the Vidyalaya were selected in different themes for the KVS National Level program of the event that was organized by KV IIT Kanpur. Out of these, one Student namely Sourav Ghose, Class XI was selected for the National Level program of the Exhibition to be conducted by NCERT at Ahmedabad. Apart from students, teachers also brought laurels for the Vidyalaya. Our three teachers namely Mr. S. Umananda Sharma, TGT (P&HE), Mrs. Mayajyoti Dam, PRT and Mrs. Swagata Sen, PRT and one staff member namely Mr. Noni Gopal Nath, Sub-Staff were awarded with the prestigious KVS Regional Incentive Awards for the year 2017 for their hard work and full dedication put to their work-place.

Another great achievement of the Vidyalaya was that repetitively in the year 2018-19, KV NIT Silchar was awarded with the Green School or "Harit Vidyalaya Award-2018"-1st position out of 29 Vidyalayas presently working under KVS Silchar Region. During the session 2018-19, this Vidyalaya hosted many Regional Level programs like:

- i) Rajya Puraskar Testing Camp for Guides- 2018 held between 18.07.2018 to 22.07.2018 in which 93 guide students from different KVs were trained.
- ii) 30th KVS Regional Level Youth Parliament - 2018 held on 21.08.2018 for KVS Silchar Region in which 277 students from five different KVs participated.
- iii) 45th Jawaharlal Nehru National Science Mathematics and Environment Exhibition for Children 2017-18 (KVS Silchar Regional Level) held on 29.01.2018 in which 125 students from 21 Vidyalaya participated. Regarding the Staff details, a total of eleven permanent teachers joined the Vidyalaya in the year 2018. Out of them, three teachers joined as PGTs, three other teachers joined as TGTs and the rest five teachers joined as PRTs in October 2018. One of the PRT teachers out of them has resigned from the post on ground of joining service in some other department.

The Vidyalaya has got a state-of-the-art infrastructure that is well equipped with various facilities including 3 well-furnished Science Labs, 1 E-class Room, Language Lab., Yoga Room, Games Room, Music Room, Dance Room, Work Education Room, Art Room, Medical Room, CMP Resource Room, 2 Computer Labs, 1 Mathematics Lab, 1 junior science lab, 1 huge library with very good stock of books. Clean and well-maintained bathrooms are situated in all corners of the building. The Vidyalaya has got well-furnished building protected with strong boundary walls all around and a beautiful garden in the front.

A group of highly qualified teachers are engaged in devoted work round the corner for all-round development of the students in the Vidyalaya. This School is running with proper plan guided by KVS Regional Office, Silchar to achieve all the targets.

KIDS-NITS

NIT Silchar has a school for the kids of the campus as well as nearby areas that runs three classes viz. Nursery, KG 1 and KG .Apart from celebrating Independence Day, Republic Day, Teachers' Day and Children's Day, the school has also organized Drawing and Sports Competition among the kids.The parents-teacher meet has been organized. The school has also organized Health Check-up for the school kids in NITS Health Centre.

SPORTS COMPLEX & GYM

The Sports Complex, NIT Silchar has training facilities for all the students and staff of this Institute. It has excellent infrastructure facilities for both outdoor and indoor games and sports. The outdoor games include Football, Cricket, Tennis, Basketball (concrete) and Tennis. Flood-Light facility is provided to all the outdoor games. The Indoor Games Complex (IGC) provides the following facilities:

Volleyball, Kabaddi, Kho-Kho, Basket Ball (concrete) and Tennis with Flood Light facility, Chess, Caroms, Yoga room, Shuttle badminton with concrete flooring, Table Tennis, Weightlifting and 08, 16, & 21 stations multi-Gyms, Vibration belt, Rowing Machine, 0505 Treadmills, Bench for Incline & Decline, Twisting machine, Iron weight plates, Rubber weight plates, Iron Rod Dumbells etc. It has separate rooms for changing with attached bathroom and toilets. All the clubs of the institute such as literary club, photography club, Dramatic club, Gyansagar club, and Music club are there in the sports complex. It has the New Auditorium with 5000 seating capacity and a big stage.

GUEST HOUSE

The Institute Guest House, flanked by green lawns and colourful horticulture remains a pleasant haven for the Institute Guests, whether from academia or alumni or parents of the students. The state-of-the-art Guest House with all modern infrastructures is one of its kind in the North East. Some renowned personalities of the Nation in the likes of Former President of India and Bharat Ratna recipient Late Shri APJ Abdul Kalam and Hon'ble Minister of Railways, Shri Suresh PrabhakarPrabhu are eminent guests who stayed in the Guest House during their visit to Silchar.

POST OFFICE

The Institute has a sub Post Office within the campus. The sub Post Office has facilities like registration, money order, and speed post. The post office functions from 9.30 AM to 5.30 PM. Students and staff and people from the surrounding villages take advantage of the facilities of this Post Office.

BANK AND ATMS

A fully computerized full-fledged core-banking branch of State bank of India with ATM facility operates in this campus. The students, staff and people of the villages surrounding the campus avail the facilities of the Bank. There is one ATM of Punjab National Bank in the campus.

SHOPPING COMPLEX

There is one Shopping Complex inside the campus for tea, snacks, books etc. Almost all the household items required by both the students and faculties are available here.

CAFETARIA

A full-fledged Canteen, named NITS Café, is in operation catering quality foods to students, staff and visitors.

RESEARCH & CONSULTANCY

Research and consultancy (R & C) is one of the most vital activities of the Institute since its inception. The Institute encourages R & C works that synchronises with the global technical advancements, with special emphasis on development of North-eastern region. The synergy of R & C facilities along with the diverse expertise of the faculties and dedicated students, the Institute is touching new heights of Innovation in terms of research. The Research & Promotion Cell (RPC) further helps to identify the young budding student researchers (UG/PG) and provide a unique platform to promote their innovative ideas. The academic curricula of all the disciplines are designed according to the current Industry needs and an initiative is taken to establish a research park comprising of different pioneers of the Industry through MoUs.

TEQIP-III

Introduction to TEQIP-III

Technical Education Quality improvement Programme (TEQIP) is a World Bank and MHRD funded project for the technical Institutions for improving the quality of Engineering Education in existing institutions with a special consideration for Low Income States and Special Category States (SCS) and support to strengthen few affiliated technical universities to improve their policy, academic and management practices.

TEQIP seeks to enhance quality and equity in participating engineering education institutions and improve the efficiency of the engineering education system in focus states. The Project supports two components:

- **Component - 1:** Improving quality and equity in engineering institutions in focus states
 - **Sub-component 1.1:** Institutional Development for Participating Institutions
An estimated 90 Engineering Education institutions meeting (progressively) the enabling mechanisms and based on quality of Institutional Development Proposals (IDPs), will be selected.
 - **Sub-component 1.2:** Widening Impact through ATUs in focus states
An estimated 8 ATUs meeting the enabling mechanisms will be selected with matching contribution equal to project allocation.
 - **Sub-component 1.3:** Twinning Arrangements to Build Capacity and Improve Performance of Participating Institutions and ATUs
Institutions (already participated in TEQIP-I and/or II)/ATUs will be selected on a competitive basis based on pre-defined eligibility criteria. The evaluation will be based on quality of IDPs. The proposal should include establishing a mentoring system for twinning arrangements to build the capacity and improvement in performance of institution/ATUs participating under sub-component 1.1/1.2 respectively.
- **Component - 2:** System Level initiatives to strengthen sector governance and performance
 - This component will support MHRD and key apex bodies in engineering education, including AICTE and NBA, to strengthen the overall system of engineering education.

NIT Silchar has successfully completed Phase I and Phase II of TEQIP project. Presently NIT Silchar is under TEQIP phase III, Sub - Component 1.3. Under Twinning arrangements NIT Silchar is selected as Mentor Institute for Gauhati University Institute of Science Technology (GUIST), Gauhati.

TEQIP-III: Project Scope

Only the Government and Government aided AICTE approved Engineering institutions/Engineering faculty/Engineering Teaching Department/Constituent Institutions of Universities/Deemed to be Universities and new centrally funded institutions in SCS will be the part of the project. An estimated 200 Government and Government funded Engineering institutions including Affiliating Technical Universities (ATUs) will be selected under different sub-components in one or two cycles.

TEQIP-III: Project Objectives

The Project will focus on the following objectives:

- Improving quality and equity in engineering institutions in focus states viz. 7 Low Income States (LIS), eight states in the North-East of India, three Hill states viz. Himachal Pradesh, Jammu & Kashmir, Uttarakhand and Andaman and Nicobar Islands (a union territory (UT))
- System-level initiatives to strengthen sector governance and performance which include widening the scope of Affiliating Technical Universities (ATUs) to improve their policy, academic and management practices towards affiliated institutions, and
- Twinning Arrangements to build capacity and improve performance of institutions and ATUs participating in focus states.

TEQIP-III : NIT Silchar Fund Allocation under Sub- Component 1.3

Total Fund Allocation = 700 lacs.

Corporate Social Responsibility

In spite of numerous hurdles, the devotion towards serving the society at large has remained firm for the Institute and can be understood by the various developmental activities carried under the flagship of Corporate Social

Responsibility. The Institute has undertaken various measures to improve the socio-economic conditions of the nearby villages and North-eastern region at large. Certain contributions of the Institute towards social development are listed below:

Contribution to Social Development

- **Adoption of border villages to develop these as Model villages:** The institute has adopted numerous villages from its surroundings in order to turn it into a model of development for the rest of the region. Priorities like transportation, education, health & family welfare, drinking water, power (including non-conventional energy), information technology etc. has been identified and worked upon. To sensitize local village people on health issues, the Institute's Health Centre and its staff have organized various health camps and blood donation camps in and around villages and remote areas of Cachar district.
- **Kendriya Vidyalaya NIT, Silchar:** KV NITS has been a long cherished desire of the people of Silchar; but it would have remained a distant dream until it was materialized on 21.04. 2012 by signing the MOU with KVS. It is a project sector school under institute of Higher Learning.
- **NITS-KIDS School:** The Institute has established a Kids School in its campus for imparting lower primary education with a minimal course fee to the children of nearby areas.
- **Telemedicine:** The Institute has taken effective measures to begin telemedicine program in order to flourish a healthy society. It works in three divisions – Educational outreach, NITS-CIT (NIT Silchar Certification in Information Technology) and Awareness & Projects.

Gyansagar - A Social Wing of NIT SILCHAR

Gyansagar is a social service wing of NIT Silchar, volunteered by the students of institute which is encouraged and approved by Prof. Sivaji Bandyopadhyay, Director of NIT Silchar. Since last many years, Gyansagar has put its effort towards the development of the society. The development is in terms of general education, IT education, health awareness, job-opportunity awareness, exploring the inherent qualities of kids in villages, etc. Gyansagar was started in the year 2009 by a group of students led by Mr. Aditya Choudhary, an electrical engineering 2012 passout student from NITS. Since then, it has taken huge leaps to become a social organization which benefits the nearby villages and communities near NIT Silchar. It had been headed by the dynamic leadership of Prof. (Dr) A. K. Sil, Professor, Department of Chemistry, NIT Silchar, since its establishment. During the month of September, 2013, the headship was handed over to Dr Kedar Nath Das, Assistant Professor, Department of Mathematics, NIT Silchar. The various activities of Gyansagar are being carried out smoothly due to the consistent effort of the chief student coordinators Mr. Nitish Rajpurohit and Mr Mukesh Swarup. We have now more than 150 registered student volunteers. Undoubtedly, the whole hearted support of the student community of NIT Silchar is highly appreciated.

Activities Organized :

Gyansagar aims at creating a difference in the lives of children and people of nearby villages through quality education, awareness programs and courses that brings them at par with the national level of education. The major activities are listed below.

Various Events list under Gyansagar -

1. NIT CIT - Certification in Information Technology
2. NIT CEA - Certification in Electrical Appliances
3. Cloth Donation
4. Teaching Programmes in various near by schools - Borakhai High School, Valley School etc.
5. Health Camp
6. Science Exhibition.

Out of these, NIT CIT, cloth donation and teaching was carried out last year in full swing, details of which are given below :

NIT CIT - Certification in Information Technology:

NIT CIT short for NIT Certification in Information Technology is a programme taken up by the Social Wing of NIT SILCHAR GYANSAGAR to impart employment oriented training program to underprivileged students for free. The students are selected on the basis of an exam which is conducted for the 9th pass students of any age group and the top 30 students are selected to take part in the training. Classes are arranged on every Sunday morning from 9-11am. This training offers the students with a chance to learn the basics of operating a computer system to using various softwares like notepad, wordpad, paint etc. This not only gives exposure to the students but also paves a way for the betterment of their future. With the onset of the computer age knowing basic computer operation has become very important every other work involves the use of computer these days which is to say computer careers are in great demand. A test is conducted at the end of the training period and the qualifying students are awarded with a certificate of excellence and others are provided with certificate of participation.

Cloth Donation Camp

Like every year, last year also on 30th November 2018, Gyansagar conducted a Cloth donation camp. In this event student volunteers of Gyansagar, NIT Silchar have visited nearby poor villages like Fakeertilla, Borakhai, Ghumgoor Kuarpur. About 3000 numbers of clothes donated by students, faculty and staff members of NIT Silchar were collected, washed and segregated into various segments like kids, men, ladies. It is just a service to the poorest of the poor people. The happiness reflected among the villages was greatly realized.

Teaching Programme

The teaching programme was conducted on weekends to help the meritorious students who are financially weak to carry on their education and come out with flying colours in their high school. We provided career counseling during the sessions in Borakhai high school, KV NITS and several others. We gathered students from nearby village who couldn't afford getting quality education and gave them the basic education required to take forward their lives in a better way. We also organized workshops regarding menstrual hygiene to help the girls and understand the importance of their physical health as well as mental health.

Volunteers Teaching Students of nearby Schools

NIT CEA - Certification in Electrical Appliances

Under this initiative, gyansagar volunteers go to nearby villages and brief them about household's electrical appliances, some appliances are carried during visit to give them practical and reasonable information about appliances. Gyansagar seniors have been already made a book in accordance with households appliances with quite interesting photographs which helps villagers to understand how to use. We also distribute some books for their convenience. In this session NIT-CEA Held on 13/01/2019 on this day around 100 volunteers of gyansagar visited 7 different villages nearby campus.

Health Camp

Health camp is the most prominent initiative of gyansagar and it is greatly appreciated by people and our Honorable director sir. Under this gyansagar provides Doctors for poor people around campus for general health check up. Volunteers also instruct them about health and healthy life and how we can manage this in our own ways. While at the same time Girls volunteers spread awareness between village women's about sanitation and menstrual problems by giving some tips about how to handle it. This event ends with blood donation by volunteers, faculties and any willing ones.

Separate Audit Report of the Comptroller & Auditor General of India on the Accounts of the National Institute of Technology, Silchar, for the financial year ended 31 March 2019.

We have audited the attached Balance Sheet of the National Institute of Technology, Silchar, Assam, as at 31 March 2019, the Income and Expenditure Account and Receipts and Payments Account for the year ended on that date, under Section-19(2) of the Comptroller and Auditor General's (Duties, Power and Conditions of Service) Act, 1971, read with Section 22(2) of the National Institute of Technology Act, 2007. These financial statements are the responsibility of the Institute's management. Our responsibility is to express an opinion on these financial statements based on our audit.

2. This Separate Audit Report contains the comments of the Comptroller and Auditor General of India (CAG) on the accounting treatment only, with regard to classification, conformity with the best accounting practices, accounting standards and disclosure norms etc. Audit observations on financial transactions, in regard to compliance with extant Laws, Rules & Regulations (i.e Propriety and Regularity aspects) and efficiency-cum-performance aspects etc, if any, are reported through Inspection Reports/CAG's Audit Reports separately.

3. We have conducted our audit in accordance with the Auditing Standards generally accepted in India. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the management, as well as evaluating the overall presentation of financial statements. We believe that our audit provides a reasonable basis for our opinion.

4. Based on our audit, we report that:

- i. We have obtained all the information and explanations, which, to the best of our knowledge and belief, were necessary for the purpose of our audit;
- ii. The Balance Sheet and Income and Expenditure Account/Receipt and Payment Account, dealt with by this report, have been drawn up in terms of the Format of Accounts prescribed by the Ministry of Human Resource Development, Government of India, vide order No. 29-4/2012-FD dated 17 April 2015.
- iii. In our opinion, proper books of accounts and other relevant records have been maintained by the National Institute of Technology, Silchar, as required under Section - 22(2) of the NIT Act, 2007, insofar as it appears from our examination of books.
- iv. We further report that:

Comments on Accounts

A. Balance Sheet

1.1 Liabilities

1.1.1 Corpus/ Capital Fund (Schedule-1): ₹519.62 crore

Although the Institute has a fund named 'Corpus Fund', shown under the 'Earmarked Funds' (Schedule-2), in contravention of the MHRD guidelines, it did not name Schedule-1 (i.e. 'Corpus/ Capital Fund') as 'Capital Fund'. Further, the Excess of Income over Expenditure, amounting to ₹17.22 crore, was transferred to the said 'Corpus Fund' (under the 'Earmarked Funds'), instead of being transferred to the 'Capital Fund'. This has resulted in understatement of the 'Capital Fund' (Schedule-1) and overstatement of 'Earmarked Funds' (Schedule-2) by ₹17.22 crore.

1.1.2 Designated/Earmarked/Endowment Fund (Schedule-2): ₹106.01 crore

The above head was understated by ₹20.41 lakh due to non-inclusion of six 'Earmarked and Endowment Funds' balances. Instead, the balances were shown under

Current Liabilities, resulting in overstatement of 'Current Liabilities and Provisions' (Schedule-3) by ₹20.41 lakh.

1.2 Assets

1.2.1 Fixed Assets (Schedule-4): ₹534.90 crore

During the financial year 2018-19, the Institute included 'Fixed Assets' of ₹19.92 crore created out of the closed sponsored project 'Technical Education Quality Improvement Programme - I & II' and showed it under 'Current Liabilities and Provisions' (Schedule-3), instead of separately disclosing in the Notes on Accounts, even though the ownership of these assets had not been transferred to the Institute. This has resulted in overstatement of 'Fixed Assets' (Schedule-4), as well as 'Current Liabilities', by ₹19.92 crore.

1.2.2 Loans, Advances & Deposits (Schedule-8) ₹14.96 crore

The above head was understated by ₹50.48 lakh, as the Institute deposited ₹33.64 lakh during the financial year 2015-16 and ₹16.84 lakh, during the financial year 2018-19, to the Assam Power Distribution Company Limited, against security deposit, but these amounts were included under the head 'Current Liability (Deposits)', as discharge of liability, during the financial years 2015-16 and 2018-19 respectively, resulting in understatement of 'Current Liabilities' by ₹50.48 lakh.

B. Income & Expenditure Account

2.1 Expenditure

2.1.1 Depreciation (Schedule-4): ₹28.10 crore

The above head was understated by ₹38.06 lakh due to the following:

- i) Depreciation was undercharged by ₹10.37 lakh, as expenditure of ₹29.91 lakh was made for purchase of Software but booked under the head 'Lab Equipment'.
- ii) Depreciation was undercharged by ₹15.57 lakh, as expenditure of ₹80.14 was made for purchase of Computer/Workstation but booked under other different heads.

iii) Depreciation was undercharged by ₹7.98 lakh, as expenditure of ₹19.94 lakh was made for purchase of 'Software' but the amount was booked under the head 'E-Books'.

iv) Depreciation was undercharged by ₹4.14 lakh, as addition of ₹41.33 lakh was made under 'books' during the year, instead of showing the same under 'E-books'.

This has resulted in overstatement of Excess of Income over Expenditure by ₹38.06 lakh.

C. General

3.1 Despite mention in the previous year's audit report, the Institute did not take any corrective measures in the following cases:

a) It was using the written down value method for charging depreciation, in violation of the format prescribed by the MHRD.

b) It had paid ₹8.90 crore to daily wages / casual labourers, but booked the same under 'Staff Payments & Benefits (Establishment Expenses)' (Schedule-15), instead of booking it under 'Administrative & General Expenses' (Schedule-17), in violation of the MHRD guidelines.

c) In violation of the MHRD guidelines, the Institute did not separately exhibit details of caution money refundable to students, during the next 12 months from the Balance Sheet date, for existing students, as well as ex-students.

d) Nomenclature of the 'Depreciation Fund', exhibited in Schedule-2, did not match with its nature. The Institute had been maintaining this fund as an 'Endowment Fund' (funded with 20 *per cent* share of the Development Fee), without any defined purpose.

e) The accounting policy of the Institute stated that retirement benefits are paid on actual basis. This was not in conformity with the MHRD guidelines, which require that the liability of retirement benefits should be provided for on actuarial basis.

3.2 As at the end of March 2019, an amount of ₹48.97 lakh was yet to be transferred to NSDL, in respect of the NPS Account. Action needs to be taken to transfer the amount to NSDL.

3.3 An amount of ₹15.61 lakh has been lying under 'receivables' against the 'Start-Up India' Project for more than one year. Action needs to be taken to recover the amount.

3.4 There was understatement of 'E-Books' by ₹21.39 lakh due to the following:

The head 'E-Books' was understated by ₹41.33 lakh as the expenditure has been booked under the head 'Library Books & Scientific Journals', instead of 'E-Books'. Thus 'Library Books & Scientific Journals' was overstated by ₹41.33 lakh. Further, the head 'E-Books' was overstated due to booking of software of ₹19.94 lakh under the head 'E-Books', implying that the head 'software' was understated by ₹19.94 lakh.

3.5 The Institute could not credit interest earned on balances under different Earmarked Funds, to the respective funds, due to non-maintenance of separate bank accounts, even though this was prescribed under the MHRD guidelines. The Institute has taken the interest earned as the income of the Institute. As a result, balances under different Earmarked Funds are understated to the extent of interest earned.

D. Grants-in-Aid

The Institute is mainly financed by grants from Government of India. For the financial year 2018-19, it received an amount of ₹88.04 crore (Revenue-₹81.37 crore and Capital-₹6.67 crore). Further, it had an opening balance of ₹68.81 crore (Revenue-17.40 crore and Capital-51.41 crore, including ₹1.38 crore of refund written back) from the previous financial year's unspent grant. Out of the total available grant of ₹156.85 crore, it spent ₹101.85 crore (Revenue-₹74.89 crore and Capital-₹26.96 crore), resulting in an unspent balance of ₹55 crore.

E. Net Effect

The net effect of the comments given in the preceding paragraphs is that the Assets and Liabilities were overstated by ₹19.42 crore, as at 31 March 2019, and the Excess of Income over Expenditure was overstated by ₹38.06 lakh, for the year ended 31 March 2019.

F. Management Letter:

Deficiencies which have not been included in the Audit Report have been brought to the notice of the Director, National Institute of Technology, Silchar, through a management letter, issued separately, for remedial/corrective action.

v. Subject to our observations in the preceding paragraphs, we report that the Balance Sheet, Income and Expenditure Account and Receipts and Payments Account, dealt with by this report, are in agreement with the books of accounts.

vi. In our opinion, and to the best of our information, and to the explanations given to us, the said financial statements, read together with the Accounting Policies and Notes on Accounts, and subject to the significant matters stated above and other matters mentioned in the Annexure to this Audit Report, give a true and fair view, in conformity with accounting principles generally accepted in India:

- a. insofar as it relates to the Balance Sheet, of the state of affairs of the National Institute of Technology, Silchar, as at 31 March 2019, and
- b. insofar as it relates to the Income and Expenditure Account of the surplus, for the year ended on that date.

Annexure

1. Adequacy of Internal Audit System

The Internal Audit System is inadequate due to the following:

- i. There is no Internal Audit wing of the Institute, with only one Internal Audit Officer having been appointed on contractual basis.
- ii. The Institute has not formulated an Internal Audit Manual.
- iii. It has not conducted any Internal Audit.

2. Adequacy of Internal Control System

The Internal Control System of the Institute is not adequate in the following areas:

- i. It does not have its own Accounting Manual.
- ii. There is no internal management reporting system/ MIS (Management Information System).
- iii. All disbursements are not being made by means of cheques. Further, payments to the Contractors are not being made through PFMS.
- iv. No security deposits or fidelity guarantees are being obtained in respect of employees handling valuables, such as cash and stock.

C. System of Physical Verification of Assets

The Institute did not maintain any Fixed Asset Register as per the format of GFR-22 (2017). It also did not maintain a Fixed Assets Register for sponsored projects. Moreover, physical verification of library books and journals has also not been conducted since the financial year 2014-15.

D. Statutory Liabilities

The Institute was regular in payment of its Statutory Dues.
